We have the pleasure to invite you to the shareholders’ meeting of Unibail-Rodamco. On this occasion, you will be asked to approve the acquisition of Westfield Corporation to create the premier global developer and operator of flagship shopping destinations.

Founded in 1968, Unibail-Rodamco is Europe’s leading listed commercial property company, with a presence in 11 EU countries, and a consolidated portfolio of assets valued at €43.1 Bn as at December 31, 2017. Unibail-Rodamco’s intensive operating management of its portfolio of high quality assets, as well as its expertise across investment/divestment, development and leasing, have been the drivers behind an annualized stock market performance of 15% over the past 15 years. This performance has been achieved with controlled leverage and exposure to development risks. Unibail-Rodamco has also been a pioneer in the field of Corporate Social Responsibility. CSR has been at the heart of the Group’s operations for more than 10 years. With the launch of its “Better Places 2030” campaign in 2016 to reduce its carbon emissions by -50% by 2030, Unibail-Rodamco became the first listed real estate company to engage on such an ambitious and global strategy.

The acquisition of Westfield is a natural extension of Unibail-Rodamco’s strategy of concentration, differentiation and innovation and is consistent with its objective to focus on high quality large shopping destinations in major and wealthy metropolitan areas, the most prestigious office buildings and major convention and exhibition venues. Unibail-Rodamco’s strategy is to vertically integrate the entire chain of value creation in real estate.

With the merger of Unibail and Rodamco in 2007, Unibail-Rodamco has shown its capacity to expand the Company in Europe, to create synergies, to develop a high quality assets portfolio and to operate in different cultures.
Today’s proposed acquisition of Westfield Corporation represents a compelling value proposition for both Westfield securityholders and Unibail-Rodamco shareholders. They will benefit from:

◆ the creation of a global property leader with €62 Bn of proportionate gross market asset value, including a high quality platform of 102 shopping centres in 27 of the world’s most attractive and dynamic retail markets. The New Group will be a must-have partner for all global retailers and brands across Europe and select markets in the United States. The average gross market value per shopping centre of €647 Mn (€1,003 Mn for the flagship portfolio) will be ahead of all other large shopping centre REITs;

◆ an expected strong organic long term growth profile resulting from the active management and revenue growth potential in its flagship assets, supported by the world’s largest development pipeline of €13 Bn;

◆ a best-in-class management team, leveraging Westfield and Unibail-Rodamco’s track records and strengths, with the support of over 3,700 employees passionate about retail. Two Westfield directors, Peter Lowy and John McFarlane, will be appointed to the Unibail-Rodamco Supervisory Board;

◆ the Westfield brand is recognized as the strongest in the industry, and will gradually be deployed across Unibail-Rodamco’s flagship assets; and

◆ a robust balance sheet: expected credit rating in the “A” category post Transaction, and consolidated loan-to-value, based on adjusted pro forma accounts, of 37% as at December 31, 2017, well within Unibail-Rodamco’s historical objective of between 35% and 45%.

Unibail-Rodamco has also identified €100 Mn of potential annual cost and revenue run-rate synergies, which are expected to create value for holders of Stapled Shares and deliver stronger returns than either Unibail-Rodamco or Westfield could achieve on a standalone basis.

The Transaction structure has been designed so as to preserve the current tax situation1 of both Unibail-Rodamco and Westfield shareholders and reflect the geography of the New Group’s assets.

The Stapled Shares will be listed on Euronext in Paris and Amsterdam. The New Group will also establish a secondary listing on the ASX, to allow Westfield Securityholders to trade Stapled Shares locally in the form of CDIs. CDIs are expected to qualify for inclusion in relevant Australian indices.

The Transaction has the unanimous support of the Westfield Board of Directors and of the Unibail-Rodamco Supervisory Board. Additionally, the Independent Expert appointed by Westfield to review the Transaction has concluded that it is in the best interests of Westfield Securityholders, in the absence of a Superior Proposal. The Contribution Appraisers, appointed by the Commercial Court of Paris, concluded, among others, that with respect to the proposed Westfield Transaction, the total consideration offered by Unibail-Rodamco for all outstanding Securities of Westfield Corporation is fair from a financial point of view to the shareholders of Unibail-Rodamco.

We are pleased that the Lowy family supports the Transaction and has advised that it will vote in favour of the Transaction (in the absence of the Westfield Board recommending a Superior Proposal). The Lowy family is committed to the success of the New Group and intends to maintain a substantial investment.

The present document provides Unibail-Rodamco shareholders with important information in relation to the Transaction, and we encourage you to vote in favour of the Transaction. Further information about Unibail-Rodamco, including the Unibail-Rodamco Registration Document (its annual financial report which includes a detailed description of the business and operations of Unibail-Rodamco) can be obtained and downloaded from Unibail-Rodamco’s website at www.unibail-rodamco.com.

As Chairman of the Supervisory Board and Chairman of the Management Board of Unibail-Rodamco, we look forward to the creation of a New Group upon successful implementation of the Transaction.

Yours sincerely,

Colin Dyer
Chairman of the Supervisory Board

1.B SUMMARY PRESENTATION OF THE GROUP’S POSITION

"Thanks to the exceptional performance of the teams, 2017 was an outstanding year for Unibail-Rodamco, with very strong operating results, the successful delivery of five major retail developments and the agreement to acquire Westfield Corporation. Recurring earnings per share were up by +7.2%. Like-for-like NRI growth of +4.2% was strong, driven by continued solid leasing activity in retail and a record leasing year in offices. One year after the launch of “Better Places 2030”, the Group made excellent progress in its CSR strategy. Unibail-Rodamco is very well positioned to deliver on its proven growth strategy in 2018 and in the medium and long term, with its best in class portfolio and development pipeline, the secured low cost of debt, its talented professionals and clear strategic focus. We also look forward to closing the Westfield acquisition and creating the world’s premier developer and operator of flagship shopping destinations.”

Christophe Cuvillier – CEO and Chairman of the Management Board

1. MAIN ACHIEVEMENTS IN 2017

2017 recurring EPS of €12.05, up +7.2%

Recurring EPS came to €12.05, an increase of +7.2% from 2016. The Group exceeded its recurring EPS guidance of €11.80 - €12.00 announced in February 2017.

Strong operating performance

◆ Shopping Centres

Tenant sales increased by +3.7% compared to 2016. Through November 2017, tenant sales outperformed the national sales indices by +180 bps. France (+410 bps), the Nordics (+300 bps) and Central Europe (+80 bps) performed particularly well.

In 2017, Shopping Centre like-for-like NRI grew by +4.3%, +360 bps above indexation, equalising its best performance since 2008. The Group signed 1,350 leases on consolidated standing assets with a Minimum Guaranteed Rent uplift of +14.7%, of which +16.8% for flagship assets. The tenant rotation rate was 11.0% and the EPRA vacancy rate was 2.4% (including 0.2% of strategic vacancy). The Group accelerated its push to directly connect with visitors. Unibail-Rodamco signed up +1.8 million new customers to its loyalty program in 2017, of which 85% through its digital channels, to reach a total of 4.2 million members.

◆ Offices

With 2.6 million m² of office space let, the 2017 take-up in the Paris region was at the highest level of the last 10 years. 67% of transactions were in new or refurbished-as-new buildings. The Group leased more than 72,000 m² in standing assets in the Paris region. Like-for-like NRI increased by +13.5%. In addition, the Group has entered into exclusive negotiations with Nestlé to prelet the entire 44,566 m² Shift building, to be concluded during Q1-2018, more than one year prior to delivery. The Group also disposed of So Ouest Plaza for a Net Disposal Price of €473.8 Mn.

◆ Convention & Exhibition

On November 22, 2017, the Group inaugurated the new Paris Convention Centre, concluding the first phase of the Paris Expo Porte de Versailles refurbishment project. With a total capacity of 35,000 participants, it can now host world-class congresses: 15 large scale congresses have already booked the venue for the coming years. Recurring NOI decreased by -2.1% compared to 2015, the last comparable period, which was favourably impacted by COP 21 held in Paris Le Bourget. “Better places 2030”

In 2017, the Group made significant progress in its ambitious CSR strategy: as at December 31, 2017, 146 partnerships were signed with tenants (15.6% of total retail GLA) to use LED lighting. Following the contracts signed in 2017 for France and Central Europe, all the Group’s regions are now supplied with Green Electricity. 719 employees volunteered in the Group’s annual Solidarity Days and the UR for Jobs programme, which fosters employment of disadvantaged youth by tenants and suppliers in the Group’s shopping centres.
Value creation of €27.14 per share
The Gross Market Value (GMV) of the Group’s assets as at December 31, 2017, amounted to €43.1 Bn, up +6.3% in total, and +3.9% on a like-for-like basis, from December 31, 2016. The Shopping Centre division GMV grew by 7.0% in total and by +3.9% on a like-for-like basis, driven by the rent effect. The average net initial yield of the retail portfolio stood at 4.3% (vs. 4.4% as at year-end 2016).

Going Concern NAV per share stood at €219.20 as at December 31, 2017, an increase of +€17.70 (+8.8%) compared to December 31, 2016. This increase was the sum of (i) the value creation of €27.14 per share, (ii) the impact of the dividend paid in March and July 2017 of -€10.20, and (iii) the impact of the +€0.76 mark-to-market of the fixed-rate debt and derivatives.

€7.9 Bn consolidated pipeline refuelled after successful deliveries
The Group delivered five major retail projects for a total GLA of 172,395 m² and a Total Investment Cost (TIC) of €0.9 Bn: the new shopping centre Wroclavia in Poland, the extensions and renovations of Centrum Chodov, Carré Sénart and Parly 2, and the full redevelopment of Glòries. 99% let at opening, these projects generated an aggregate yield on cost of 7.7%. The pipeline was refuelled with the Vitam project, a 69,621 m² leisure and retail redevelopment in France, near Geneva, and the extension of Fisketorvet.

As at December 31, 2017, the aggregate TIC of the consolidated development pipeline amounted to €7.9 Bn.

Average cost of debt at 1.4% and a 7.2-year average maturity
The financial structure of the Group is strong with a Loan-to-Value ratio of 33% and an interest coverage ratio of 6.7x (5.9x in 2016). The average cost of debt of the Group in 2017 was 1.4%, an all-time low, while the average debt maturity as at December 31, 2017, was 7.2 years.

Asset rotation discipline
In 2017, the Group divested €710 Mn of assets for an aggregate NIY of 4.6% and a 15% premium to the last unaffected appraisal values.

The proceeds of the divestments were partly reinvested in asset acquisitions (€364 Mn), including the remaining 50% stake in Polygone Riviera and a 50% stake in the Metropole Zlín shopping centre in Prague.

II. ACCOUNTING PRINCIPLES AND SCOPE OF CONSOLIDATION
Unibail-Rodamco’s consolidated financial statements as at December 31, 2017 were prepared in accordance with International Financial Reporting Standards (“IFRS”) as applicable in the European Union as at such date. No changes were made to the accounting principles applied for the year ended December 31, 2016.

The principal changes in the scope of consolidation since December 31, 2016 were:

- on October 2, the disposal of the So Ouest Plaza office building;
- on October 23, the creation of a joint venture with Commerz Real pursuant to which the Group acquired 50% of the shopping centre Metropole Zlín, located in Prague, with a GLA of approximately 56,000 m². This asset is accounted for using the equity method;
- on November 8, the disposal of Barnasud;
- on December 22, the disposal of the Channel Outlet Store and L’Usine Roubaix;
- on December 29, the acquisition of a 45% stake in the companies holding the shopping centre Polygone Riviera. As at December 31, 2017, the Group owned a 95% interest in this asset; and
- the disposal of a number of non-core assets in Sweden, including Eurostop Arlanda, Arninge Centrum and Eurostop Örebro.

As at December 31, 2017, 307 companies were fully consolidated, six companies were consolidated under “joint operation” (as defined by IFRS 11) and 23 companies were accounted for using the equity method.

The Unibail-Rodamco Group is operationally organised in seven regions: France, Central Europe, Spain, the Nordics, Austria, Germany and The Netherlands.

As France has substantial activities in all three business-lines of the Group, this region is itself divided in three segments: Shopping Centres, Offices and Convention & Exhibition (C&E). The other regions operate almost exclusively in the Shopping Centre segment.

The chart below shows the split of Gross Market Values (GMV) per region as at December 31, 2017, including assets accounted for using the equity method.

Figures may not add up due to rounding.
III. SHOPPING CENTRES

The European economy continued to grow steadily. GDP growth in 2017 for the European Union (EU-28) and the Eurozone-19 is forecast to have reached +2.3% and +2.2%, respectively, compared to +1.9% and +1.8% in 2016. Growth is propelled by RESILIENT PRIVATE CONSUMPTION, a global upturn in economic activity and improvements in labour markets. Investment, which had been lagging, also showed signs of recovery.

The number of visits to Unibail-Rodamco’s shopping centres through December 31, 2017, was up by +0.9% compared to the same period in 2016. In France, footfall grew by +1.1% through November 30, 2017, outperforming the French national footfall index by +270 bps. Footfall in the Group’s Parisian shopping centres increased by +1.7% during the same period. Footfall growth in Germany (+1.7%), Central Europe (+1.3%), the Nordics (+2.9%) and Austria (+1.7%) was partly offset by a drop in footfall in Spain (-0.6%), outperforming the Spanish national footfall index by +30 bps. Footfall in the Group’s Dutch shopping centres was almost flat (-0.2%) despite the impact of the vacancy of certain of the former V&D Department stores for most of 2017 following their closure in 2016.

Through November 30, 2017, Unibail-Rodamco’s tenant sales in all regions increased by +3.9% compared to the same period last year, +181 bps better than the aggregate national sales index. The continuous trend of tenant sales increasing at a higher pace than footfall reflects the steady increase of conversion rates since 2013. In terms of sectors, sport (+15.9%), dining (+6.4%), health & beauty (+6.1%) and entertainment (+3.2%) posted the highest sales increases, illustrating the importance of the Group’s approach to offering visitors a differentiating experience. Sales of fashion apparel, the sector with the most GLA (29.2% as at December 31, 2017) within the Group, increased by +2.9%. Negative sales growth was recorded in gifts (-1.3%) and department stores & luxury (-0.7%). Tenant sales in the Group’s shopping centres increased by +3.7% through December 31, 2017, compared to the same period in 2016.

In 2017, the Group signed 1,350 deals (compared to 1,479 deals in 2016) with a Minimum Guaranteed Rent uplift of +14.7% (+€1.8 Mn) compared to 2016, primarily due to several cross-border deals with health & beauty brands such as Solaris and Chanel. The Group also reinforced partnerships through roadshows organised with several electronics brands such as Samsung and Huawei.

Finally, the Group continued to strengthen its partnerships by accelerating the expansion of IPRs, such as Flying Tiger with 14 new store openings, O bag with ten new stores, and L’Occitane, Armani Exchange and Snipes with seven new stores each.

Specialty leasing revenues amounted to €25.7 Mn in 2017, an increase of +13.9% compared to 2016. The Group accelerated the deployment of new spectacular large digital screens throughout Europe, leading to an increase in advertising revenues by 24.5% (+€1.7 Mn) compared to 2016.

In 2017, revenues from pop-up stores and roadshows increased by +15.9% (+€1.8 Mn) compared to 2016, primarily due to several cross-border deals with health & beauty brands such as Solaris and Chanel. The Group also reinforced partnerships through roadshows organised with several electronics brands such as Samsung and Huawei.

2017 was a very active year with five deliveries (99% let at opening), highlighting yet again the importance of the Group’s development pipeline to fuel NRI growth.

◆ The grand opening of the fully let Centrum Chodov extension: on October 10 drew more than 70,000 visitors. Following a 3-year construction phase, Centrum Chodov is now the largest shopping centre in the Czech Republic with 101,600 m² GLA and 301 units. The tenant mix includes new market entries, such as Zara Home, Oysho and Converse. It also hosts the largest and most modern multiplex in the country, an 18-screen Cinema City with three VIP screens and a 4DX auditorium. On November 7, Centrum Chodov received the “Best of Realty 2017” award as the best shopping centre project from The Association for Real Estate Market Development.

◆ Wroclavia opened on October 17 in Wroclaw and has attracted over 3.1 million visits as at December 31, 2017. The 81,000 m² mixed-use project (65,000 m² dedicated to retail) has 177 shops, restaurants and entertainment units. The 81,000 m² mixed-use project (65,000 m² dedicated to retail) has 177 shops, restaurants and entertainment units. The tenant mix includes retailers such as Sfera, Blue Frog, La Mallorquina, Vapiano, Uterqüe and Steve Madden.

◆ The grand opening of the Carré Sénart extension took place on October 25. With an extra 31,310 m² (151,800 m² in total, including the shopping park), the shopping centre now includes a Galeries Lafayette department store and 68 new shops, including iconic brands such as Uniqlo, NYX, Armani Exchange, Superdry, Hema, Rituals, and Sostrene Grene.

◆ The grand opening of the completely renovated Glories occurred on November 9. It hosts 130 shops over 67,000 m² (+10,501 m²) including a 3,000 m² Fresh! as well as the first Uniqlo in a shopping centre in Spain, the newest and largest Mango concept in Spain, the largest H&M in a shopping centre in Spain and the first H&M Home in Barcelona.

◆ On November 29, Parly 2 inaugurated the new 3,500 m² GLA “Pont Neuf” extension which creates a loop that facilitates the customer journey. It offers 16 new stores including Uniqlo, Armani Exchange, New Balance, Bensimon, Mariette, Rituals and Aesop. In addition, Monoprix (extended on a 6,000 m² sales surface) and BHV opened completely renewed anchor stores.
The roll-out of destination concepts continued in 2017, including:

- the Dining ExperienceTM: two new projects were opened in October in Poland, in Wroclavia and Arkadia;
- the Designer GalleryTM: a fourth Designer Gallery opened in Centrum Chodov on October 11;
- the Family Experience: a third Family Experience was launched in Centrum Cerny Most on October 30.

The deployment of Connect, the smartphone application launched in 2016 to communicate directly with all employees working in stores in the Group’s shopping centres, continued in 2017 with 33 shopping centres now equipped (compared to six as at December 31, 2016).

On the digital side, Unibail-Rodamco signed up almost +1.8 million new customers to its loyalty program in 2017 to reach a total of 4.2 million members. 85% of these new members came through digital channels (web and apps) compared to 37% in 2016. In 2017, the audience on the Group’s digital channels also showed a favourable increase with:

- 53 million web sessions;
- 235,000 app users on average per month (vs. 120,000 in 2016) with a peak reached in December (400,000 users, three times more than in December 2016).

As at December 31, 2017, the Group owned 79 retail assets, of which 67 are shopping centres. 57 of these host six million or more visits per annum and represent 97% of the Group’s retail portfolio GMV. Unless otherwise indicated, all references to rents, contributions from affiliates and leases signed relate to the period ended December 31, 2017, and comparisons relate to the full year 2016.

Total consolidated Net Rental Income (NRI) of the shopping centre portfolio amounted to €1,346.4 Mn, an increase of +5.8%, mainly due to a strong like-for-like growth of +4.3% and the positive impact of deliveries in Spain, France and Central Europe.

The total net change in NRI amounted to +€73.8 Mn due to:

- +€34.1 Mn from the delivery of shopping centres or new units;
- +€2.6 Mn from the acquisition of additional units;
- -€2.5 Mn due to a negative currency translation effect from SEK.
- -€3.3 Mn due to assets moved to the pipeline;
- -€7.2 Mn due to disposal of assets;
- +€50.1 Mn of like-for-like growth. The +4.3% like-for-like NRI growth exceeded indexation by +360 bps, above the Group's objective of like-for-like NRI growth of between 200 and 300 bps above indexation.

The +4.3% like-for-like NRI growth reflects indexation of +0.7% (+0.3% in 2016), the solid performance in renewals and relettings (+1.9% vs. +2.2% in 2016) and the positive impact of “Other” (+1.7% vs. +0.9% in 2016). The growth in “Other” was due primarily to a Sales Based Rent (SBR) increase (primarily in the Nordics and France), indemnities received from departing tenants in France and a reversal of provisions related to litigation in The Netherlands.

The EPRA vacancy rate increased to 2.4% as at December 31, 2017 (2.3% as at December 31, 2016) and includes 0.2% of strategic vacancy. The increase of vacancy in The Netherlands is due mainly to the strategic vacancy in Stadshot Amstelveen, and in the Nordics to departures in Täby Centrum.

The OCR for the Group increased to 15.1% as at December 31, 2017, compared to 14.7% as at December 31, 2016.

IV. OFFICES

With 2.6 million m² of office space let in 2017, take-up in the Paris region was at the highest since 2007. This is mostly due to transactions in the Western crescent and to those over 5,000 m². 88 transactions above 5,000 m² were recorded in 2017 (65 in 2016) and accounted for 1.1 million m² (+23% vs. 2016). 67% concerned new or refurbished as new buildings.

Nearly 1.1 million m² were rented in Paris in 2017, stable compared to 2016. Take-up in the Paris Central Business District (CBD) was 481,000 m² (+8% vs. 2016). The La Défense market saw transactions in line with the 10-year average, with 177,000 m² rented out in 2017. No significant transactions were recorded, mainly due to the lack of large and prime premises delivered in 2017. No change is expected for 2018.

The available supply in the Paris region as at December 31, 2017, remained stable at around 3.4 million m², of which 15% of new or refurbished as new buildings.

The vacancy rate in the Paris region has decreased steadily since 2014 and reached 6.5% at year-end 2017 (compared to 6.8% at year-end 2016).

The differences remain significant from sector to sector with, for example, a vacancy rate of around 2.9% in Paris CBD and a steep drop in La Défense from 8.2% as at December 31, 2016, to 7.3%. For other sectors such as Peri-Défense and the Northern Rim, vacancy rates remain over 15%.

Rental values increased in the Paris Region throughout 2017, especially in Paris CBD, where recorded rents have exceeded €800/m², up to €850/m² on the Champs-Elysées (Paris 8). In La Défense, there was no new or refurbished as new supply. Consequently, the highest rent did not exceed €520/m² (Cœur Défense).

Despite a favourable market context, the Paris region lease incentives stayed high in 2017 with significant variations depending on volume and quality of the immediately available supply in the different sectors.

The total volume of transactions closed in the Paris region during 2017 amounted to €16.4 Bn (stable compared to 2016). This volume was driven by €11.8 Bn of transactions in H2, compared to €4.6 Bn in H1.

45 large transactions (over €100 Mn) were recorded in 2017, compared to 46 in 2016. The largest were:

- Cœur Défense (approximately €1.7 Bn) and Tour Hekla (approximately €575 Mn) in La Défense;
- So Ouest Plaza in Levallois;
- Tours Duo and Parc Avenue in Paris 13;
- 92 Gambetta in Paris 20;
- In & Out in Boulogne-Billancourt and West Plaza in Colombes.

Strong demand, ample availability of financing and the limited supply of high quality office buildings continued to compress yields for prime office assets in La Défense, where prime yields fell by about 50 bps to around 4.00-4.25%, as illustrated by the sale of Tour Hekla. In Paris CBD, prime yields were stable vs. 2016 at around 3.00-3.25%.
Unibail-Rodamco’s consolidated NRI from its offices portfolio amounted to €140.8 Mn, a -8.1% decrease compared to 2016 due primarily to the disposals in 2016 and 2017. The like-for-like NRI growth was +€15.1 Mn (+13.5%) mainly due to good leasing performance in France and the full year impact of the Deloitte lease in Majunga (commenced in April 2016).

A record 97,144 weighted square meters (wm2) were leased in standing assets, including 72,266 wm2 in France. Lease agreements were signed with AEW, Paul Hastings, Arsene and Dior in Capital 8, with In’Li in Tour Ariane, with Orange in Les Villages 4 and 6, as well as the renewals of SNCF in CNIT and Marsh in Tour Ariane. In addition, the Group has entered into exclusive negotiations with Nestlé to prelet the entire Les Villages 4 and 6, as well as the renewals of SNCF in CNIT and Dior in Capital 8, with In’Li in Tour Ariane, with Orange in Les Villages 4 and 6, as well as the renewals of SNCF in CNIT and Marsh in Tour Ariane. In addition, the Group has entered into exclusive negotiations with Nestlé to prelet the entire

ERV of vacant office space in operation amounted to €8.4 Mn as at December 31, 2017, corresponding to a financial vacancy of 4.6% (13.1% as at year-end 2016), including €5.2 Mn and approximately €2.5 Mn related to the lettings of vacant areas in Capital 8 and Les Villages. The remaining vacancy as at year-end 2017 is mainly due to the lettings of vacant areas in Capital 8 and Les Villages. The remaining vacancy as at year-end 2017 is mainly in Les Villages and Tour Ariane.

### V. CONVENTION & EXHIBITION

The activity is exclusively located in the Paris region and consists of a real estate venues and services company (Viparis).

The Convention & Exhibition business has a seasonal results pattern, with annual, biennial and triennial shows, and an uneven distribution of shows during the year.

2017 has been characterized by the following shows:

**Annual shows:**
- the International Agriculture’s show (“SIA”) attracted 619,000 visitors, +1.3% vs. 2016;
- the 2017 edition of the “Foire de Paris” attracted 525,800 visitors, +1.5% vs. 2016;
- the 2nd edition of Vivatech held in Paris Expo Porte de Versailles attracted over 60,000 visitors (+33% vs. 2016), 500 international speakers and over 6,000 start-ups and exhibitors from over 50 countries.

**Biennial shows:**
- the 52nd edition of the “Le Bourget International Air Show” (SIAE) was a record-breaking event with almost 2,400 exhibitors from 48 countries and $150 Bn of new orders announced;
- the “Paris International Agri-Business Show” (SIMA) welcomed 1,770 exhibitors from 42 countries. It attracted approximately 232,000 visits (-3.0% vs. 2015), including 23% from outside of France;
- Le “Mondial du Bâtiment”, one of the world’s leading construction shows welcomed 319,200 visitors (20% were international) in November.

In March, Samsung chose the Carrousel du Louvre to host the worldwide presentation of its new TV range “The Frame”. EuroPCR, the official congress of the European Association of Percutaneous Cardiovascular Interventions (EAPCI), is the world’s leading annual congress in its field. Held in May in Paris, in Palais des Congrès, this event drew more than 12,000 participants. “IFOS”, the international congress of the International Federation of Oto-Rhino-Laryngological Societies, was held in Paris in June, in Paris Expo Porte de Versailles. Last hosted in Paris in 1961, this rotating congress drew more than 8,000 specialists, double the number of participants of the previous edition in Seoul in 2013. In October, the Palais des Congrès de Paris welcomed the Google Cloud Summit with 2,500 delegates.

The new Paris Convention Centre was opened on November 22 and welcomed its first congress in December: the 30th Rheumatology congress with 5,000 participants. In total, 725 events were held in the Viparis venues during 2017, of which 258 shows, 105 congresses and 362 corporate events. Viparis’s EBITDA came to €134.4 Mn, flat compared to 2015 adjusted for the impact of the triennial Intermat exhibition. Growth in the turnover of the corporate events (+13.6%) and congresses (+19.4%) segments was offset by the decline in the exhibition segment and the negative impact of the security costs post the 2015 terrorist attacks. The EBITDA decreased by -€8.7 Mn (-6.1%) compared to the reported EBITDA (€143.1 Mn) for 2015.

At the end of 2017, signed and pre-booked events in Viparis venues amounted to 92% of its expected 2018 rental income, slightly above usual levels of between 85% and 90%.

The NRI from hotels amounted to €11.6 Mn for the period, compared to €13.0 Mn in 2016, as a result of the closure in August 2017 of the Pullman Montparnasse hotel for renovation works.

### VI. CORPORATE SOCIAL RESPONSIBILITY (“CSR”)

CSR is closely integrated into Unibail-Rodamco’s operating, development and investment activities. As early as 2007, Unibail-Rodamco devised an ambitious CSR strategy based on environmental best practices, social fairness and transparent governance.

The Group has taken up a new long-term challenge, with a set of objectives to be achieved by 2030: “Better Places 2030”, a program launched in September 2016. The Group aims to reduce by -50% its carbon footprint by 2030. This strategy is now incorporated into the entire value chain, with a wide spectrum of initiatives covering the emissions resulting from the activities of the Group as well as its stakeholders. In doing so, the Group is the first listed real estate company to address the wide scope of indirect carbon emissions resulting from construction works, consumption of energy by tenants and transportation used by all users of its sites (employees and visitors).

“Better Places 2030” addresses the main challenges facing commercial real estate by 2030: moving toward a low-carbon economy, anticipating new modes of sustainable mobility,
fully integrating the Group’s business activities with the local communities, and engaging all of the Group’s teams as well as its stakeholders. This global approach revolves around four pillars with ambitious and tangible objectives for each of them:

1. less carbon emissions, better buildings;
2. less polluting transport, better connectivity;
3. less local unemployment, better communities;
4. less top-down, better collective power.

To ensure the achievement of the “Better Places 2030” ambitions, a clear governance has been set up, both at strategic and operational levels, with the support and expertise of the CSR team.

The main achievements in 2017 are:

◆ Pillar 1 – Better Buildings:
  ♦ the carbon assessment methodology for construction and operations has been defined and has been applied to all active development projects at design stage in 2017 (Trinity, Val Tolosa, Benidorm, Phare-Sisters, 3 Pays, Übereckquartier, Mall of Europe and the extensions of Garbera, La Part-Dieu and Vélizy 2), and a dedicated training has been rolled out across development teams,
  ♦ following the contracts signed in 2017 for France and Central Europe, all the Group’s regions are now supplied with Green Electricity. As at December 31, 2017, 146 LED partnerships were signed with tenants, accounting for 15.6% of the total retail GLA,
  ♦ the updated “Green Lease”, which includes a mandatory requirement for the tenants to source green electricity and install LED lighting sources from 2020 onwards, is being implemented in all regions since May 1, 2017;

◆ Pillar 2 – Better Connectivity:
  ♦ 98% of the Group’s standing assets are now equipped with electrical vehicle charging spaces and six pilot assets have been equipped with next generation charging stations,
  ♦ In partnership with Tesla, the Group is also rolling out Tesla chargers in its shopping centres (20 equipped),
  ♦ Three shopping centres implemented Mobility Action Plans that will be further rolled out throughout the Group in 2018, to improve global accessibility of shopping centres while reducing the associated carbon footprint;

◆ Pillar 3 – Better Communities:
  ♦ “UR for Jobs” program: this initiative which aims to create job opportunities for young people was conducted in 15 shopping centres, resulting in 250 young people having been hired by the Group’s tenants and suppliers,
  ♦ “Solidarity Days”: 12 initiatives took place to raise awareness amongst youth and visitors about local priority issues such as education, health and sustainability. 3,230 young people were supported,
  ♦ 719 of the Group’s employees dedicated at least one day to volunteer for one of these initiatives;

◆ Pillar 4 – Better Collective Power:
  ♦ CSR quantitative objectives tied to Short Term Incentives schemes were in place for the Management Board, the Group Management Team and Country Management teams,
  ♦ Specific CSR criteria and KPIs are included in all the Group’s business decisions (e.g., investments, developments and annual asset reviews),
  ♦ The Group is gradually replacing all company cars with hybrid or electrical vehicles. The Group is also engaged in a program of carbon offsets for its business travel carbon emissions (airplanes and trains).

Along with this long-term plan, Unibail-Rodamco continued to implement its policy of energy efficiency. In 2017, the Group’s energy intensity remained stable compared to 2016. This represents a cumulative -17.0% decrease of energy intensity since 2012, in line with the objective of a -25% decrease by 2020 from the 2012 baseline.

The Group also continued its programme of environmental certification of its assets. For its development projects, the Group obtained three new BREEAM Excellent certificates (design stage): Wroclavia Offices and Retail, and the Centrum Chodov extension. Regarding its standing portfolio, 23 shopping centres obtained a BREEAM In-Use certificate in 2017 (seven newly certified and 16 renewed), of which ten at the “Outstanding” level for the “Building Management (part 2)”. As at December 31, 2017, the Group had 52 managed shopping centres certified ‘BREEAM In-Use’ in Europe, of which 63% rated ‘Outstanding’ (‘Part 2 ‘Building Management’), representing 3.4 million m² of total GLA. In comparison, only 10% of the European real estate market has obtained the same certification. Unibail-Rodamco’s portfolio has the highest certification profile in the European retail real estate market.

The Group was again included in the main Environmental, Social and Governance indexes in 2017 and is ranked among the top companies in the Real Estate sector in ESG benchmarks and profiles. Unibail-Rodamco ranked first among the financial services - real estate sector of Vigeo Eiris 2017 ESG rating and was confirmed as of December 2017 in the Euronext Vigeo indexes: World 120, Eurozone 120, Europe 120 and France 20. The Group was confirmed in June as industry leader in the updated Sustainalytics rating and remains a member of the STOXX® Global ESG Leaders indices for the sixth consecutive year. VII. 2017 RESULTS

General expenses amounted to -€181.8 Mn (including -€62.4 Mn of non-recurring expenses related to the Westfield acquisition announcement incurred in 2017), compared to -€120.4 Mn in 2016 (including -€1.3 Mn non-recurring). As a percentage of NRI from shopping centres and offices, recurring general expenses were 8.0% (vs. 8.3% in 2016). As a percentage of GMV of shopping centres and offices, recurring expenses stood at 0.30% (0.32% for 2016).

Recurring financial result totalled -€228.0 Mn (after deduction of capitalised financial expenses of €18.7 Mn allocated to projects under construction). This represents a -€26.9 Mn decrease compared to 2016.

The Group’s average cost of debt decreased to 1.4% (vs. 1.6% for 2016).

Income tax expenses are due to the Group’s activities in countries where specific tax regimes for property companies do not exist and from activities in France not eligible for the SIIC regime, mainly in the Convention & Exhibition business.

Income tax allocated to the recurring net result amounted to -€17.7 Mn compared to -€11.1 Mn in 2016.

Net result - owners of the parent was a profit of €2,439.5 Mn. This figure breaks down as follows:

◆ €1,202.1 Mn of recurring net result (+7.9% compared to 2016) as a result of strong NRI growth and lower interest expenses, partially offset by the impact of disposals in 2016 and 2017 and higher taxes;
◆ €1,237.4 Mn of non-recurring result (compared to €1,294.8 Mn in 2016).

Recurring Earnings per Share (recurring EPS) for 2017 came to €12.05 compared to €11.24 for 2016, representing an increase of +7.2%.

VIII. POST-CLOSING EVENTS

In the context of the Westfield acquisition, the Group obtained commitments from Deutsche Bank and Goldman Sachs to finance the cash component of the transaction (including costs) and potential debt refinancing needs. The €6.1 Bn credit facility (“Bridge Loan”) was signed on January 12, 2018. It was syndicated to over 29 banks.

IX. DIVIDEND

For the fiscal year 2017, the Group will propose a cash dividend of €10.80 per share for approval by its Annual General Meeting (AGM).

The dividend payment schedule will be as follows:

◆ an interim dividend of €5.40 per share on March 29, 2018 (ex-dividend date March 27, 2018); and
◆ a final dividend of €5.40 per share, subject to approval of the AGM on May 30, 2018 (ex-dividend date March 28, 2018).

The total amount of dividends paid with respect to 2017 would be €1,078.5 Mn for the 99,856,676 shares issued as at December 31, 2017. This represents a 90% pay-out ratio of the net recurring result, in line with the Group’s 85%-95% dividend pay-out policy.

The statutory 2017 result of Unibail-Rodamco SE (parent company) was a profit of €1,191.8 Mn. The 2017 result of Unibail-Rodamco SE’s SIIC sector amounted to €511.5 Mn. The dividend distribution obligation will be €414.7 Mn. After payment of the proposed dividend, the SIIC distribution requirement will have been met for 2018.

Assuming approval by the Annual General Meeting:

(i) €4.15 of the dividend will have been paid from Unibail-Rodamco’s tax exempt real estate activities (the “SIIC dividend”). This dividend corresponds to the distribution obligation under the SIIC regime.

(ii) The remaining €6.65 will have been paid from Unibail-Rodamco’s non-tax exempt activities (the “non-SIIC dividend”).

X. OUTLOOK

The macroeconomic environment in 2017 improved on the back of the recovery in investment, manufacturing and trade which in turn strengthened consumer confidence. Looking ahead, the outcome of elections in certain European countries, including Italy, the formation of a government in Germany, the Brexit process, trade policies enacted by the United States administration, responses thereto from its trading partners, adverse geopolitical events or further terrorist threats could affect economic growth in Europe and the Group’s business.

The Group expects to grow its recurring EPS in 2018 to between €12.75 and €12.90, on a standalone basis.

For the medium term and on a standalone basis, Unibail-Rodamco expects to grow its recurring EPS at a compound annual growth rate of between +6% and +8%. This medium-term outlook is derived from the annual business plan exercise for Unibail-Rodamco. This results in annual growth rates which vary from year to year. The key inputs in the Group’s business plan, which is built on an asset by asset basis and based on economic conditions as at year-end 2017, are estimates and assumptions relating to indexation, rental uplifts, disposals of approximately €3 Bn over the next several years, timely delivery of pipeline projects, cost of debt and taxation. Variations in these assumptions will also cause growth rates to vary from one plan to the next. The Group’s current business plan does not assume any acquisitions, nor the Westfield transaction.

• SIMPLIFIED STRUCTURES (BEFORE/AFTER TRANSACTION COMPLETION)

SIMPLIFIED CURRENT STRUCTURE OF UNIBAIL-RODAMCO AND WESTFIELD (BEFORE COMPLETION)

SIMPLIFIED STRUCTURE OF THE NEW GROUP (AFTER COMPLETION)

* Approximately 72% will be owned by former Unibail-Rodamco shareholders and 28% by former Westfield securityholders.
• WHY SHOULD UNIBAIL-RODAMCO SHAREHOLDERS APPROVE THE TRANSACTION?

The acquisition of Westfield is a natural extension of Unibail-Rodamco’s strategy of concentration, differentiation and innovation. The Transaction will create the world’s premier global shopping center owner, manager and developer.

Design the future of retail

There will be 3 dominant categories in the retail industry: destination shopping, internet, and proximity/convenience. Combining Unibail-Rodamco and Westfield creates the best global portfolio of leading shopping destinations. The future of retail is “connected retail”, and brands need selected Flagships in key locations. These shopping destinations give the best brands and global retailers the opportunity to interact directly with customers and so create an intimate relationship with them.

With Westfield, Unibail-Rodamco acquires a future-proof platform, which has already undergone the changes facing other players in the retail real estate industry. Exposure to department stores has been reduced significantly, and anchor tenants now only represent 5.6% of Net Rental Income (NRI), having been replaced by in-line tenants or exciting new leisure and dining concepts. Click-to-brick retailers such as Bonobos, Amazon and Warby Parker have opened in Westfield’s Flagship centers to drive omnichannel revenues. Westfield has also developed an unrivalled expertise in sourcing new revenue streams, such as specialty leasing and advertising, which will benefit Unibail-Rodamco’s shopping center portfolio.

Build the strongest portfolio to deliver consistent growth

Westfield’s high quality portfolio is a perfect strategic fit for Unibail-Rodamco. The 17 Flagship assets in nine gateway cities represent 86% of its proportionate GMV(3). Westfield’s trophy assets in London (and soon Milan), will strengthen Unibail-Rodamco’s position as the leading retail landlord in Europe, while the US Flagship assets will allow the group to enter the wealthiest and most attractive locations in the US.

Post Transaction, the New Group will own and operate the world’s leading high quality global commercial property portfolio, with a total proportionate GMV of over €62 billion (US$74.4 billion) (2), with Flagships representing 85% of proportionate retail GMV. By creating a unique platform of 56 Flagship assets, including 15 rated A++, more than any other commercial property owner in the US or Europe, the Transaction will strengthen Unibail-Rodamco’s competitive positioning. The New Group will have the best footprint in the Western world in terms of catchment area spending power(7). Together with Westfield, Unibail-Rodamco will be the leading operator in each of these areas, owning the best Flagship assets(6), making it a critical, must-have partner for leading retailers and brands globally.

Just like Unibail-Rodamco is not a proxy for Europe, Westfield is not a proxy for the United States. Its Flagships are trophy assets and the percentage of A and higher rated shopping centers as a percentage of its proportionate GMV is well above that of the US average and other major shopping centre operators. In a rapidly evolving retail environment, these are exceptional shopping destinations, evolving very differently than lower-rated standard shopping centres. This positioning translates into outstanding operational performance, demonstrated by sales productivity above average sales of A rated US shopping centres of the major operators(3), and NRI growth well above the national averages(6).

Westfield also owns regional assets in the US. These too perform much better than the average of all Flagships across the industry. For example, the US pipeline pipeline reflects proportionate total investment costs based on Unibail-Rodamco’s estimate of Westfield pipeline per Unibail-Rodamco methodology, as at December 31, 2017. For Westfield pipeline projects, proportionate figures are based on total investment cost as per Westfield’s scope and definition as of December 31, 2017. For Unibail-Rodamco pipeline projects, proportionate figures are based on total investment cost as per Unibail-Rodamco’s scope and definition as of December 31, 2017.
Large deliveries in late 2017 (Century City, UTC) and in 2018 (Westfield London extension) will generate significant cash flow growth in 2018-2019. Collectively, Unibail-Rodamco and Westfield have delivered\(^1\) €2.2 billion of new projects.

The pipeline, the pace of which Unibail-Rodamco can control, is focused on Flagship assets and paves the way for significant capital growth going forward, with a target yield on cost in the 7% to 8% range, compared to average capitalization rates for Unibail-Rodamco and Westfield’s Flagship assets of approximately 4-4.5%. Almost 40% of the pipeline will consist of extensions and renovations, a low risk, high return source of value creation.

Once delivered, the total pipeline could represent a potential of close to €1 billion of run-rate NRI\(^2\), a massive source of growth from the New Group’s pro-forma proportionate NRI of €2.3 billion (US$2.8 billion)\(^3\).

**Capitalize on the best-in-class management teams**

With this unique platform in terms of global scale, quality and appeal to retailers, the management team, composed of the best talent of both groups, expects to be able to deliver strong and sustained organic growth in line with the consistent track record of Unibail-Rodamco +3.8%\(^4\) like-for-like NRI CAGR since 2014, and of Westfield +3.6% (of which +4.3% in Flagships).

The New Group will capitalize on the best in class management teams by implementing the best practices of both companies. The systematic operating management approach of Unibail-Rodamco, based on the Marketing Action Plan, Positioning, Leasing Action Plan, Estimated Rental Value review and 5 Year Business Plan and backed by a proven track record of growing tenant sales, OCRs and NRI, is expected to improve the results of the Westfield portfolio. Unibail-Rodamco’s strategy of actively managing its balance sheet and interest rate exposure will be implemented in the debt management of the New Group. The integrated in-house development capabilities of Westfield will be applied to the New Group’s enlarged pipeline. The Westfield expertise to generate new revenue streams such as specialty leasing, events, entertainment and advertising – in 2017 5.8% of Westfield’s NRI as opposed to only 1.6% of Unibail-Rodamco’s NRI – will benefit the New Group.

Unibail-Rodamco has also been a pioneer in the field of Corporate Social Responsibility. CSR has been at the heart of the Group for more than 10 years. With the launch of its “Better Places 2030” campaign in 2016 to reduce its carbon emissions by -50% by 2030, Unibail-Rodamco became the first listed real estate company to engage on such an ambitious and global strategy.

Following closing, Unibail-Rodamco intends to introduce its “Better Places 2030” initiatives to the Westfield portfolio as well.

The New Group will develop a common culture with principles shared by employees across both continents, built on the unique strengths of each of Unibail-Rodamco and Westfield, to ensure and foster employee engagement and continue building an attractive employer brand in all its markets.

**€100 million of synergies will deliver additional cash flows and earnings**

Unibail-Rodamco has identified over €60 million of annual run-rate cost synergies to be realized through the retirement of Westfield’s corporate senior leadership personnel, the closing of Westfield’s Sydney headquarters, the rationalization of travel expenses, and the spin-off of the currently loss-making OneMarket subsidiary.

Unibail-Rodamco also expects to realize €40 million of annual run-rate revenue synergies by deploying the Westfield brand across the group’s Flagship assets, leveraging on Westfield’s specialty and advertising income expertise, cross-fertilizing the respective retailer bases, and leveraging the New Group’s position as a must have partner for retailers and brands. About two thirds of the revenue synergies identified are expected to be realized in Unibail-Rodamco’s portfolio.

The Transaction creates a promising customer platform, connecting customers (1.2 billion annual visits) in the wealthiest catchment areas with the best brands and retailers, through exceptional destinations. Flagship destinations are a showroom, a shopfront, a fitting room, an advertising space, a consumer data hub, as well as a point of sale. Combining the two visitor bases multiplies the consumer insight and influence of the group, and its value to retailers and brands.

**Transaction to unlock NAV and REPS accretion and preserve strong balance sheet**

Unibail-Rodamco has assessed Westfield’s NAV as at June 30, 2017, at US$7.08 per security\(^5\) and US$ 6.99 OneMarket impact. This assessment is based on appraisals of the standing assets, the estimated NPV of the fee business and of future profits from the development pipeline. The implied value of Unibail-Rodamco’s offer, based on Unibail-Rodamco’s EPRA NAV as at June 30, 2017, represents a 2.3% premium to Westfield’s NAV post OneMarket impact. This translates into a fair price for Westfield security holders, allowing for NAV per share accretion\(^6\) for Unibail-Rodamco shareholders when accounting for the value of revenue and cost synergies.

\(^1\) 2017 deliveries and Westfield London extension, delivered in March 2018.

\(^2\) Based on a target 7% to 8% yield on cost, and a proportionate pipeline of €13 billion.

\(^3\) Proportionate net rental income (Unibail-Rodamco definition, i.e. net of lease incentive amortisation) as at 31 December, 2017. €1.6 billion (US$2.0 billion) for Unibail-Rodamco and €0.7 billion (US$0.8 billion) for Westfield, respectively.

\(^5\) Unibail-Rodamco: like for like NRI CAGR. Westfield: comparable NOI CAGR.

\(^6\) Based on Unibail-Rodamco’s estimates.

\(^7\) Regarding NAV accretion, assumptions were taken regarding NPV of synergies, cost of debt and absence of goodwill impairment.
The Westfield FFO yield implied by the offer, as well as Unibail-Rodamco’s own REPS yield and cost of debt of 1.4% for FY2017, pave the way for strong REPS accretion, especially when accounting for the €100 million of run-rate synergies expected to be realized over the coming years.

The composition of the Transaction consideration (65% stock and 35% cash) is made possible by Unibail-Rodamco’s financial strength and access to low cost debt and hybrid securities, and maximizes returns to shareholders, while at the same retaining a strong balance sheet. The financing structure results in “A” and “A2” ratings from Standard & Poor’s and Moody’s, respectively.

Before disposals, the consolidated pro-forma Loan-To-Value (“LTV”) as at December 31, 2017, will be 37% (39% on a proportionate basis)(5), well within Unibail-Rodamco’s historical objective of between 35% and 45%. Unibail-Rodamco’s LTV covenants stand at 60%, leaving ample headroom post transaction.

Unibail-Rodamco also announced that, as part of its ongoing stand-alone asset rotation programme, it had earmarked €3 billion of European assets for disposal over the next several years. These assets are located in attractive regions and appealing asset classes. Considering the demand for such assets in Europe, the New Group may dispose of more than the €3 billion. Should the opportunity present itself, some of the US regional assets are also candidates for disposal. Unibail-Rodamco has a proven track record in creating value through asset rotation, having disposed of over €11 billion of assets over the last 10 years, at an average premium of 10.8%.

Unibail-Rodamco is well positioned to create value from its asset rotation programme, having disposed of €3 billion of assets over the last 10 years.

Unibail-Rodamco and Newco plan to maintain attractive dividend distribution policies. Unibail-Rodamco and Newco expect 85% to 95% of the New Group’s consolidated recurring net earnings to be paid out as dividends.

Detailed implementation plan for the business strategy of the New Group

Unibail-Rodamco and Westfield, already cooperating in an Integration Committee, have a clear plan for the combination of the two businesses along their common strategy of concentration, differentiation and innovation.

The implementation plan, which also includes the quick realization of cost synergies, will be rolled out immediately upon shareholder approval by a Senior Management Team consisting of senior executives of both Unibail-Rodamco and Westfield.

The members of Unibail-Rodamco’s current Management Board collectively hold 0.54% of Unibail-Rodamco’s share capital. The Management Board unanimously supports the Transaction and, together with the Senior Management Team, will be completely focused on continuing to create value for the New Group and its shareholders, as they have consistently done since 2007 and the successful merger between Unibail and Rodamco.

KEY TRANSACTION STEPS FOR PURPOSES OF COMPLETING THE TRANSACTION

The key steps to implement the Transaction, insofar as they directly affect or relate to Unibail-Rodamco shareholders, are as follows:

- **Unibail-Rodamco shareholder approval**: You have been asked to participate in a combined ordinary and extraordinary Unibail-Rodamco General Meeting that will be held before the date of the Westfield securityholders meeting.

The Ordinary General Meeting will be required to approve:

- the distribution in kind of Newco Class A shares to Unibail-Rodamco shareholders, and

- the appointment of each incoming member to the Unibail-Rodamco Supervisory Board, effective on the implementation date.

---

(1) 2018E FFO yield based on implied offer price of US$7.55 and Westfield FFO per share based on IBES as of December 11, 2017
(3) Adjusted for assets under construction and held for redevelopment not generating any FFO yet.
(4) 2018E FFO yield based on Unibail-Rodamco recurring EPS as per IBES consensus and share price of €224.10 as of December 11, 2017, adjusted for €1.377 million of investment properties under construction at cost for Unibail-Rodamco as at June 30, 2017.
(5) This proforma LTV calculation is made based on the current amount of goodwill of €3.6Bn. Should there ever have to be an impairment of goodwill, the LTV would be impacted. For example, a €1Bn impairment would increase the LTV by approximately 1%.
The Extraordinary General Meeting will be required to approve:

- the increase of Unibail-Rodamco’s share capital (without preferential subscription rights) by a contribution in kind by Westfield securityholders of their WCL shares and, by the Third Party Nominee, of TH Newco shares, and
- the amendment of the Articles of Association of Unibail-Rodamco to provide, amongst others, for (i) the distribution in kind of assets (to allow the distribution of Newco Class A Shares) and (ii) the stapling of Unibail-Rodamco Shares to Newco Class A Shares.

The key steps to implement the Transaction, insofar as they directly affect or relate to Westfield securityholders, are as follows:

- **Schemes:** Unibail-Rodamco’s acquisition of WCL, WAT and WFDT will be implemented by way of three inter-conditional Australian law schemes of arrangement (“Schemes”), summarized as follows:
  - WAT Trust Scheme: Westfield Securityholders transfer their WAT units to U.S. Newco in return for cash plus Newco Class A Shares (provided as Stapled shares or, where applicable, the corresponding number of CDIs),
  - WFDT Trust Scheme: Westfield Securityholders transfer their WFDT units to TH Newco in return for TH Newco shares issued to a third party nominee ("Third Party Nominee") who will hold legal title to the TH Newco shares with Westfield Securityholders having beneficial title, and
  - WCL Share Scheme: Westfield Securityholders transfer their WCL shares and the Third Party Nominee transfers all of the TH Newco shares to Unibail-Rodamco in return for cash plus newly issued Unibail-Rodamco Shares (provided as Stapled shares or, where applicable, the corresponding number of CDIs);

- **Westfield Securityholder approval:** Westfield Securityholders will vote on whether to approve the Schemes and the destapling of WCL, WAT and WFDT (currently traded on the ASX in stapled form) (“Westfield Destapling”);

- **Court approval:** If the Schemes and the Westfield Destapling are approved by Westfield securityholders, Westfield will apply for the requisite Court approvals of the Schemes. If the requisite Court orders and judicial advices are given, and all other conditions precedent to the Transaction have been satisfied or waived, Westfield will lodge with Australian Securities and Investments Commission ("ASIC") a copy of the Court orders approving the Schemes at which time the Schemes will become effective (the “Effective Date”, noting however that the Schemes will not be implemented until the Implementation Date);

- **Implementation:** On the Implementation Date, the Westfield Securityholders will transfer (i) their WAT units to US Newco and (ii) their WCL shares and via the Third Party Nominee the TH Newco shares held on their behalf to Unibail-Rodamco, in return for the Scheme consideration (US$2.67 per Westfield Security in cash and 0.01844 New Unibail-Rodamco Stapled shares per Westfield Security (provided as Stapled Shares or, where applicable, the corresponding number of CDIs).

Following the implementation of the Schemes:

- **stapling, delisting and listing:** After the Schemes have been implemented, the Unibail-Rodamco shares will be delisted from Euronext Paris and Euronext Amsterdam and the Unibail-Rodamco Shares and Newco Class A Shares will be stapled together and admitted to trading in the form of Stapled Shares on Euronext Paris and Euronext Amsterdam. CDIs representing the Stapled Shares will also be listed on ASX. Westfield will apply for termination of the official quotation of Westfield securities on ASX and to have itself removed from the official list of the ASX.

1. HOW WILL THE ACQUISITION BE FINANCED?

The total financing needs of Unibail-Rodamco in connection with the cash portion of the consideration for the Transaction, refinancing debt requirements at Unibail-Rodamco and transaction costs are up to €6.1 Bn.

Newco will accede to the Bridge Loan as borrower and additional guarantor before the completion of the Transaction. The final maturity date for the Bridge Loan is 12 months from the closing of the Transaction and may be extended by 6 months, followed by a further 6 months after that.

Unibail-Rodamco intends to replace, repay or refinance the Bridge Loan through one or more debt capital markets offerings and assets disposal proceeds.

For further details, please refer to Section 3.9 of the listing Prospectus.

2. WHAT WILL BE THE IMPACT ON THE LTV AND THE FINANCING RATING?

Following the announcement of the Transaction, rating agencies assigned to the New Group the following rating: a long term rating of “A” from Standard & Poor’s and “A2” from Moody’s.

Consolidated pro-forma Loan-To-Value (“LTV”) of 37% (39% on a proportionate basis) as at December 31, 2017(1), is well within Unibail-Rodamco’s historical objective of between 35% and 45%.

The proposed financing structure results in “A” and “A2” ratings from Standard & Poor’s and Moody’s, respectively. Unibail-Rodamco’s LTV covenants stand at 60%, leaving ample headroom post Transaction.

For further details, please refer to Section 2.8 of the listing Prospectus.

3. WHAT ARE THE TAX IMPLICATIONS FOR UNIBAIL-RODAMCO SHAREHOLDERS OF THE WESTFIELD ACQUISITION?

A detailed overview of the Material Tax Considerations has been provided for in Section 13 of the Prospectus. In summary, the following can be said.

Acquisition structure implementation

As part of the implementation steps, Unibail-Rodamco has set up Newco, a new Dutch company, to acquire the US activities of Westfield. A large portion of the shares in Newco (72% approximately) will be distributed to Unibail-Rodamco shareholders which will own – as a result of the distribution – an equal number of shares in Unibail-Rodamco and Newco, respectively. Shares in Unibail-Rodamco and Newco will immediately be stapled and traded under a single ISIN Code.

The French Tax Code provides for a specific tax-free spin-off regime subject to a prior ruling. The ruling is not discretionary and the tax authorities are required to grant the tax ruling if certain conditions are met. On December 8, 2017, the tax authorities agreed on the principle that the distribution of shares in Newco should be tax-free and Unibail-Rodamco is working on obtaining the final ruling, which cannot be obtained before the EGM.

Under this spin-off regime, the distribution of the Newco shares should not give rise to any dividend income recognition for French resident shareholders (individual and corporate shareholders). Non-French resident shareholders should consult with their tax advisors to confirm whether or not the distribution of Newco shares can be considered as a non-taxable distribution in their country of tax residence.

Taxation of future dividend distributions

Each of Unibail-Rodamco and Newco will pay a dividend to shareholders in accordance with the dividend policy of the New Group and their distribution obligations resulting from their SiIC and FII status, respectively.

Dividend paid by Unibail-Rodamco will generally be subject to a withholding tax in France at the rate of:

- 12.8% for individual shareholders disregarding their tax residence. For French resident individuals, the 12.8% withholding tax is the final tax liability except if they elect for income tax at progressive rates on all their investment income (with a maximum rate of 45%). If the 12.8% withholding tax exceeds the progressive income tax, the excess will be refunded. In addition to the 12.8% withholding tax, social taxes amounting to 17.2% will be withheld from dividend payments to French resident individual shareholders. The 12.8% withholding tax and the 17.2% social contributions form together the 30% flat tax (“prélèvement forfaitaire unique”);
- 15% for non-French tax resident institutional shareholders as a result of applicable tax treaties (otherwise the 30% domestic withholding tax rate would apply).

French and comparable non-French collective investment undertakings will bear the cost of a French 15% withholding tax on their dividend paid out of the SiIC earnings (exempt from French corporate income tax) of Unibail-Rodamco. No withholding tax will be withheld on dividend payments to French resident institutional shareholders. Dividend income will have to be included in their income subject to corporate income tax at the rate of 33 1/3% for its full amount or after deduction of a 95% allowance in application of the Parent-Subsidiary Directive depending on whether the dividend is paid out of the SiIC (exempt) or the taxable income of Unibail-Rodamco.

(1) This proforma LTV calculation is made based on the current amount of goodwill of €3.6 Bn. Should there ever have to be an impairment of goodwill, the LTV would be impacted. For example, a €1 Bn impairment would increase the LTV by approximately 1%.
Dividend paid from Newco will generally be subject to a withholding tax in The Netherlands at the rate of 15%. In addition, the dividend received from Newco by French individual tax residents will be subject to either the 30% flat tax (12.8% of tax plus 17.2% of social contributions) or the progressive income tax (with a maximum rate of 45%) plus 17.2% social contribution if they elect for it. French corporate shareholders will be subject to French corporate income tax at the rate of 33⅓% on Newco dividend without the benefit of the Parent-Subsidiary Directive since earnings of Newco are tax exempt as a result of its FII status.

Taxation of future capital gains

Capital gains will have to be assessed distinctly for the shares in Unibail-Rodamco and the shares in Newco despite the fact these shares will trade together as a result of the stapling arrangement. For that purpose, the New Group will publish the relative values of Unibail-Rodamco and Newco within the stapled share price.

Capital gains realized by French tax resident individuals on the sale of Unibail-Rodamco shares and the sale of Newco shares will be subject to either the 30% flat tax (12.8% of tax plus 17.2% of social contributions) or the progressive income tax (with a maximum rate of 45%) plus 17.2% social contribution if they elect for it. In case of election for the payment of progressive income tax and under certain conditions, the taxable gain could be reduced by an allowance at the rate of 50% or 65% if the shares have been held for more than two or eight years prior to divestment.

Capital gains recognized by French corporate shareholders upon the disposal of their shares in Unibail-Rodamco and Newco will be subject to the standard rate of corporate income tax of 33⅓% unless the shares in Unibail-Rodamco and Newco have been held during at least two years and qualify as participation shares. In this case, a rate of 19% of corporate income tax would apply.

Capital gains derived by non-French tax residents on the disposal of shares in Unibail-Rodamco will not be taxable in France if the selling shareholder holds, directly or indirectly, less than 10% of the Unibail-Rodamco shares. Subject to the more favorable provisions of applicable tax treaties, the gain realized by non-French tax residents owning at least 10% of the shares in Unibail-Rodamco would be subject to tax in France at the standard rate of income tax, 33⅓%, for corporate shareholders unless the shares have been held during at least two years and qualify as participation shares, in which case, a rate of 19% would apply, and 19% for individual shareholders.

Capital gains realized by Dutch tax resident individuals on the sale of shares in Unibail-Rodamco and the sale of shares in Newco:

- will be taxable in the Netherlands at progressive rates up to 51.95%, or
- alternatively, if the value of the shares is part of a yield basis in respect of which a deemed benefit is subject to tax at a rate of 30% (Box 3), will not be taxable.

Capital gains derived by Dutch corporate tax residents on the disposal of shares in Unibail-Rodamco and Newco are generally subject to Dutch corporate income tax at a main rate of 25%.

Capital gains derived by non-Dutch tax residents on the disposal of shares in Unibail-Rodamco will generally not be subject to Dutch income tax or corporate income tax, as the case may be, unless such non-Dutch tax resident has a permanent establishment or permanent representative in the Netherlands to which its shares in Unibail-Rodamco are attributable.

- **WHAT WILL HAPPEN AT IMPLEMENTATION DATE? WHAT WILL HAPPEN TO WESTFIELD IF THE TRANSACTION BECOMES EFFECTIVE AND IS IMPLEMENTED?**

Assuming the completion of the Transaction takes place as envisaged, Unibail-Rodamco will have acquired Westfield through the implementation of the Schemes.

Westfield stapled securities will be delisted from ASX and Unibail-Rodamco shares will be delisted from Euronext.

For each Unibail-Rodamco share held, Unibail-Rodamco shareholders will automatically receive in their account one Stapled Share, which will be held in the same form as the Unibail-Rodamco share (i.e. either registered or bearer form).

The Stapled Shares will be issued and admitted to trading on Euronext Paris and Euronext Amsterdam.

*For further details, please refer to Section 3.6.1 of the listing Prospectus.*

- **DO UNIBAIL-RODAMCO SHAREHOLDERS NEED TO DO OR SIGN ANYTHING TO RECEIVE STAPLED SHARES?**

Unibail-Rodamco shareholders do not need to do anything or sign any document. The conversion of Unibail-Rodamco shares into Stapled Shares will be automatic and does not require any action from their part.

The Senior Management Team will not constitute a Management Board or Supervisory Board of Unibail-Rodamco and/or Newco, and does not override or substitute such corporate bodies.

The Senior Management Team will be composed of top executives of both Unibail-Rodamco and Newco. This composition is intended to reflect the geographical and functional diversity of the New Group.

While both entities (Unibail-Rodamco and Newco) would have separate decision-making corporate bodies (Supervisory Board and Management Board) acting independently, the Senior Management Team would act as the New Group’s main internal body for coordination between both entities.
WHAT WILL THE BOARD STRUCTURE OF UNIBAIL-RODAMCO AND NEWCO LOOK LIKE?

• **WHAT IS THE IMPACT ON THE DIVIDEND POLICY?**

Unibail-Rodamco’s current 85-95% dividend pay-out policy with respect to Unibail-Rodamco’s recurring net earnings is expected to remain the same after completion of the Transaction. The installment dates, for 2018 and thereafter, will take place in March and July.

Newco expects to pay out between 85% and 95% of the financial year’s recurring net earnings. In order to maintain its FII status, Newco intends to comply with the fiscal distribution requirement to pay a dividend that is at least equal to the fiscal profit of Newco within eight months after the end of each financial year. Newco anticipates that it will pay such annual dividends in two instalments as from 2019, related to the financial year ended December 31, 2018, in March and July. For further details, please refer to Section 4 (4.1 UR – 4.2 Newco) of the listing Prospectus.

• **WHERE CAN YOU OBTAIN MORE INFORMATION ABOUT UNIBAIL-RODAMCO AND THE UNIBAIL-RODAMCO ASPECTS OF THE TRANSACTION?**

Further information can be obtained from Unibail-Rodamco’s website at www.unibail-rodamco.com or for free on request:

◆ the Unibail-Rodamco Registration Document (including its Annual Financial Report for the financial year ended December 31, 2017);
◆ the Unibail-Rodamco shares Issuance Prospectus, registered with the AMF including details of Unibail-Rodamco and the New Unibail-Rodamco shares;
◆ the New Unibail-Rodamco Stapled Shares Listing Prospectus registered with the AMF and the AFM including details of the New Group and the New Unibail-Rodamco Stapled shares.

• **HOW WILL THE NEW GROUP COMMUNICATE GOING FORWARD?**

After completion of the Transaction, Unibail-Rodamco and Newco will each be subject to periodic and ongoing disclosure obligations. Unibail-Rodamco will however coordinate a single stream of communication on the Stapled Share. Unibail-Rodamco will for instance dedicate a specific section of its website to information related to the Stapled Shares.

Unibail-Rodamco and Newco will work in close coordination for their respective financial communications.

Unibail-Rodamco’s consolidated financial statements will cover Unibail-Rodamco and its controlled undertakings (including Newco and its controlled undertakings). Newco’s consolidated financial statements will only cover Newco and its controlled undertakings (i.e., Newco and its subsidiaries including WAT).

Unibail-Rodamco will adapt its financial communication to take into account two new geographical segments (US and UK) and the fact that Westfield is involved in joint ventures (accounted for under the equity method) for several of its major assets. In addition to IFRS reporting, Unibail-Rodamco expects to disclose proportionate financial statements reporting and disclose selected proportionate financial ratios in its communication towards investors in order for investors to understand the performance of the underlying business. Newco’s financial communication is expected to be less extensive and detailed than it will be for Unibail-Rodamco as all information related to Newco operations and activities will be included in the documentation to be published by Unibail-Rodamco.

The expected timetable and documentation will be based on the existing timetable and documentation currently published by Unibail-Rodamco, although it is expected that Unibail-Rodamco will confirm this timetable after closing of the Transaction. Unibail-Rodamco and Newco expect to publish their turnover (and press release) for the quarters ending in March and September. Newco is expected to publish its turnover a few days after Unibail. For half-year financial information, it is expected that Newco will publish its consolidated financial statements (and press release) before the end of August. For full-year financial information, it is expected that Newco will publish its consolidated financial statements between one or two months after Unibail-Rodamco.

1. Ordinary General Meeting resolutions

Approval of the 2017 consolidated and annual financial statements, allocation of profits and determination of the dividend (resolutions Nos. 1, 2, and 3)

First resolution
Approval of the financial statements for the year ended December 31, 2017

The General Meeting, acting in accordance with the quorum and voting requirements of ordinary general meetings, having considered:

- the report of the Management Board for the purpose of this General Meeting;
- the management report prepared by the Management Board;
- the observations of the Supervisory Board; and
- the report of the Statutory Auditors on the financial statements for 2017:

approves the financial statements for the year ended December 31, 2017, as presented, as well as all the transactions shown in these financial statements and summarised in these reports.
Second resolution
Approval of the consolidated financial statements for the year ended December 31, 2017

The General Meeting, acting in accordance with the quorum and voting requirements of ordinary general meetings, having considered:
◆ the report of the Management Board for the purpose of this General Meeting;
◆ the management report prepared by the Management Board;
◆ the report of the Supervisory Board;
◆ the report of the Statutory Auditors on the consolidated financial statements for 2017;
approves the consolidated financial statements for the year ended December 31, 2017, as presented, as well as all the transactions shown in these financial statements and summarised in these reports.

Third resolution
Allocation of profit for the year ended December 31, 2017 and setting of the dividend and its date of payment

The General Meeting, acting in accordance with the quorum and voting requirements of ordinary general meetings and upon proposal of the Management Board, having considered:
◆ the report of the Management Board for the purpose of this General Meeting;
◆ the report of the Statutory Auditors on the financial statements for 2017;
acknowledges that the financial statements for the year ended December 31, 2017 and approved by this General Meeting show a net profit of €1,191,830,000.
After the allocation of €231,300 to the legal reserve and considering the retained earnings account of €867,814,000, the General Meeting duly acknowledges that the sum available for distribution amounts to €2,059,412,700.

Consequently, the General Meeting decides to pay a dividend of €10.80 per outstanding share at December 31, 2017 and per new share issued since that date or to be issued and eligible for the dividend payment, resulting in particular from (i) the exercise of stock options, or (ii) the definitive allocation of Performance Shares, or (iii) if applicable, the potential conversion of bonds redeemable in shares (“ORA”), or (iv) if applicable, the potential conversion of bonds redeemable in cash and/or in new and/or existing shares (“ORNANE”). Any balance (as adjusted) will be allocated to the retained earnings account.

The General Meeting duly acknowledges that the sum available for distribution amounts to €2,059,412,700.

The amount of the distributable profits allocated to the retained earnings indicated above, is based on the number of 99,856,676 shares existing at December 31, 2017. This number will be adjusted according to the number of shares existing on the last record date (included) prior to the dividend payment date.

In consequence, the General Meeting grants authority to the Management Board to review the final amount to be allocated to the retained earnings, taking into account the total number of shares in the Company issued or held as treasury shares between December 31, 2017 and the last record date (included) prior to the dividend payment date as a result of, in particular, (i) the exercise of stock options, or (ii) the definitive allocation of Performance Shares, or (iii) the repurchase by the Company of its own shares, (iv) if applicable, the potential conversion of ORA, and (v) if applicable, the potential conversion of the ORNANE.

For the dividend, €414,710,739 is paid from the Company’s tax-exempt income under the listed real estate investment companies regime (“Société d’Investissements Immobiliers Cotée) (Article 208 C of the French General Tax Code). The balance, i.e. €663,741,362, is paid from the Company’s taxable income. The dividend paid to private persons who are resident in France for tax purposes is subject to a single flat-rate withholding tax, at a rate of 12.8%, and to social contributions, at a rate of 18.2%. The 12.8% single flat-rate withholding tax constitutes final taxation in the absence of an election by private persons who are resident in France for tax purposes to pay income tax at a progressive rate. If an election is made to pay income tax at a progressive rate, the 40% flat-rate deduction does not apply to the share of the dividend paid from the exempt income (Article 158, 3-3°b bis of the French General Tax Code). However, the balance of the dividend paid from the Company’s taxable income is eligible for this 40% tax deduction (Article 158, 3-2° of the French General Tax Code),

In view of the payment of a first interim dividend on March 29, 2018 in the amount of €5.40 per share, of which €4.15 was paid out of the exempt income under the listed real estate investment companies regime (“Société d’Investissement Immobilier Cotée) and €1.25 out of the taxable income, a dividend balance of €5.40 per share will be paid on May 30, 2018 from the Company’s taxable income.
In accordance with the provisions of Article 243 bis of the French General Tax Code, the General Meeting duly acknowledges that the dividends and/or distributions paid by the Company in the previous three financial years were as follows:

Taking into consideration the reports of the Statutory Auditors and of the Management Board, you are asked to approve:

◆ the annual financial statements for the 2017 financial year, which show a net profit of €1,191,830,000;
◆ the consolidated financial statements for the 2017 financial year.

The full accounts are included in Sections 5.1 and 5.3, respectively, of the 2017 Registration Document.

The Management Board proposes that the General Meeting approve a dividend of €10.80 per share on issue as of December 31, 2017, per new share issued since that date or to be issued and eligible to receive a dividend issued pursuant to, notably (i) the exercise of stock options (options de souscription d’actions), or (ii) the definitive allocation of Performance Shares (actions de performance), or (iii) any potential conversion of redeemable bonds (obligations remboursables en actions, or “ORA”), or (iv) any potential conversion of bonds redeemable in cash and/or new and/or existing shares (“ORNANES”). Any remaining balance (as adjusted) will be allocated to the Company’s “Retained Earnings” account.

This dividend represents a total distribution of €1,078,452,101, on the basis of the number of shares outstanding as of December 31, 2017 (or 99,856,676 shares). This represents a pay-out ratio of 90% of the net recurring earnings per share, in line with the Group’s 85%-95% dividend pay-out policy.

These ordinary shares of the Company and other securities may be paid up in cash or by capitalizing debts;

2. decides to set the maximum amounts of the authorised issuance under the exercise of this delegation of authority by the Management Board as follows:
   (a) the aggregate par value of shares to be issued, either directly or indirectly, pursuant to the authorisation hereby granted is set at €75 Mn,
   (b) the global aggregate par value of shares to be issued, either directly or indirectly, pursuant to the authorisation hereby granted and those granted by the seventeenth, eighteenth, nineteenth and twentieth resolutions of this General Meeting is set at €122 Mn,
   (c) the above thresholds will be increased, where applicable, by the par value of any additional shares to be issued to preserve, pursuant to the applicable laws and regulations, and, where applicable, any contractual provisions providing for other cases of adjustment, the rights of existing holders of securities giving access to the share capital of the Company, options to subscribe or purchase new shares or to the free grant of shares,
   (d) the aggregate nominal value of debt securities carrying present or future rights to the Company to be issued pursuant to this delegation in accordance with the provisions of Articles L. 228-91, L. 228-92 and L. 228-93 of the French Commercial Code is set at €1.5 Bn or the equivalent value of this amount, including through the allotment of Stapled Shares and, in this case, to set the mechanism by which the Newco shares that are part of these Stapled Shares will be acquired by the Company,
   (e) the aggregate nominal value of debt securities carrying present or future rights to the Company to be issued pursuant to this delegation in accordance with the provisions of Articles L. 228-91, L. 228-92 and L. 228-93 of the French Commercial Code and to the authorisation conferred by the seventeenth resolution of this General Meeting is set at €1.5 Bn or the equivalent value of this amount, it being specified that these thresholds are autonomous and distinct from the amount of debt securities whose issuance may be decided or authorised by the Management Board pursuant to Article L. 228-40 of the French Commercial Code, as well as from the amount of debt securities giving rights to the allocation of other debt securities or giving access to existing equity securities whose issuance may be decided or authorised by the Management Board pursuant to Article L. 228-92 – last paragraph, or under the conditions referred to in Article L. 228-36-A of the French Commercial Code;

3. sets the validity period of the authorisation hereby granted at eighteen (18) months from the date of this General Meeting and acknowledges that this authorisation supersedes, with immediate effect, the unused part of any previous authorization granted to the Management Board for the same purpose;

4. in the event that the Management Board exercises this delegation:
   (a) decides that the issuance or issuances will be reserved with priority for existing shareholders who can subscribe for the shares and/or other securities issued as of right, pro rata to their existing holdings at the relevant time, and acknowledges that the Management Board may grant shareholders the right to subscribe for excess shares and/or other securities not taken up by other shareholders,
   (b) decides that, if the irreducible (souscription à titre irréductible) and, if any, the reducible subscriptions (souscription à titre réductible) fail to take up in full an issuance of shares or other securities as defined above, the Management Board may take the course of action conferred by law, in the order of its choice, including offer all or some of the unsubscribed shares or other securities for subscription by the public, in France and/or abroad and/or on the international market,

(1) Preferential Subscription Rights (PSR): Except when decided otherwise by the General Meeting, shareholders have a preferential right, proportionate to the value of their shares, to subscribe shares issued for cash to increase the share capital. The purpose of the PSR is to offset the dilutive effect to which the shareholders are exposed if they do not subscribe to the share capital increase. In order to facilitate certain financial transactions (such as the issuance of complex securities giving access to the Company’s share capital, subscriptions by new shareholders, or share capital increases reserved for employees), the General Meeting may waive the PSR.
(c) decides that equity warrants (bons de souscription d’actions) in the Company may be offered for subscription under the condition described above, or alternatively freely allocated to holders of existing shares,

(d) decides that in the event of a free issuance of detachable warrants (bons autonomes de souscription d’actions), the Management Board shall have the power to decide that fractional rights are not negotiable and that the corresponding shares will be sold, and

(e) acknowledges the fact that this delegation will automatically entail the waiver of the pre-emptive rights to subscribe for the shares to be issued on exercise of rights attached to securities giving access to the share capital of the Company;

5. decides that the Management Board shall have full powers, which may be sub-delegated in accordance with applicable laws and regulations, to use this delegation of authority, and in particular to set the terms and conditions of issuance, subscription and payment, to place the resulting capital increases on record, to make the necessary amendments to the Articles of Association, and in particular:

(a) to determine, where appropriate, the terms and conditions for exercising the rights attached to the shares or to the securities giving access to the share capital or to debt securities, and for exercising any conversion, exchange or redemption rights, where applicable, including by way of transfer of Company assets such as securities previously issued by the Company; provide, if appropriate, that the shares issued in conversion, exchange, redemption or other may be new and/or existing shares,

(b) to determine, where appropriate, in the case of an issue of debt securities, whether or not the securities are to be subordinated (and, if so, their rank of subordination, in accordance with the provisions of Article L. 228-97 of the French Commercial Code), to set their rate of interest (in particular whether fixed or variable, or zero-coupon, or indexed), their maturity (whether fixed or indefinite) and the other terms of the issue (including whether secured or guaranteed in any way) and of redemption (including redemption by way of transfer of Company assets); if the securities can be bought back on the stock exchange or be the subject of a public offer or a public exchange offer by the Company; to set the terms on which such securities will give access to the share capital of the Company and/or of companies in which it holds more than half the capital, whether directly or indirectly; and to modify these terms and conditions, during the term of the concerned securities, subject to compliance with the relevant formalities,

(c) at its sole discretion, to charge the expenses of the share capital increase to the premium account relating to such increase and to deduct from the premium account the amount necessary to bring the legal reserve up to one tenth of the newly issued share capital after each share capital increase,

(d) to determine and implement all adjustments necessary to take into account the impact of transactions on the Company’s share capital, in particular in the event of a change in the par value of the share, an increase of the share capital by capitalisation of reserves, the grant of free shares, split or reverse stock split, distribution of reserves or of any other assets, redemption of capital, or any other transaction affecting the equity of the Company, and to determine, where necessary, the arrangements by which the rights of existing holders of securities giving access to the share capital of the Company will be preserved, and

(e) generally, to enter into any and all agreement, in particular to ensure the successful completion of the proposed issues, to take all appropriate steps and decisions and to proceed with all formalities necessary for the issuance, the listing and service of the securities issued pursuant to the authority hereby delegated and for the exercise of any related rights or all formalities consequential upon the capital increases carried out;

6. notwithstanding the foregoing, decides that the Management Board may not, except with prior authorisation from the General Meeting, use this delegation of authority from the date a public offer has been filed by a third party for the Company’s shares, until the end of the public offer period.
The maximum par value of share capital increases that may be performed immediately or in the future pursuant to this authorization would be €75 Mn (or a maximum of 15 Mn shares with par value of €5 per share), representing 15.02% of the Company’s share capital as at December 31, 2017, it being specified that the maximum overall par value of the share capital increases that may be implemented pursuant to this resolution and those performed pursuant to resolutions Nos. 17, 18, 19 and 20 is €122 Mn.

The maximum face value, or the equivalent of this amount notably under the form of a WFD Unibail-Rodamco transfer (individually or under the form of a Stapled Share)\(^ (i) \) of debt securities that may be issued is €1.5 Bn, which also represents the maximum total face value of debt securities that may be issued pursuant to this resolution and resolution No. 17.

These amounts are identical to those approved in the authorization granted in 2017.

The Management Board would not be permitted to use this authorization during a public tender offer without another prior authorization by the General Meeting.

- to limit the issue to the amount of subscriptions received under the conditions provided by law at the time this authorisation is used,

- to allocate all or some of the unsubscribed securities among the persons of its choice;

9. acknowledges that the provisions contained in paragraphs 7 and 8 will not apply to ordinary shares and/or securities issued in the context of this delegation of authority as consideration for securities contributed to the Company in the context of a public exchange offer pursuant to Article L. 225-148 of the French Commercial Code;

10. decides that the Management Board shall have full powers, which may be sub-delegated in accordance with applicable laws and regulations, to use this delegation of authority, and in particular to set the terms and conditions of issuance, subscription and payment, to place the resulting capital increases on record, to make the necessary amendments to the Articles of Association, and in particular:

You are asked to renew the authority granted to the Management Board in 2017 to increase the share capital, in one or more tranches, without preferential subscription rights of shareholders.

This authorization would be granted for a period of 18 months with effect from the date of this General Meeting.

In the interest of the Company and its shareholders, the Management Board may, as it deems appropriate in order to seize opportunities on the financial markets in specific circumstances, conduct issuances on French, foreign or international financial markets, without preferential subscription rights.

The Management Board asks you to authorize it to increase the share capital, in one or more tranches, in such proportions and at such times as it shall decide, on the French market and/or on foreign markets and/or on the international market, via a public offering without preferential subscription rights, through the issuance of (i) ordinary shares, or (ii) securities of any nature whatsoever, issued either for consideration or for free, governed by Article L. 228-91 et seq. of the French Commercial Code, giving access by any means, immediately and/or in the future, at any time or date, to ordinary shares to be issued by the Company or by a company of which it directly or indirectly holds more than 50% of the share capital, subject to the authorization of the company in which the rights are exercised. These shares and other securities may be subscribed for either in cash or in kind, in consideration of any other form of consideration.

Your authorization would also include the ability to issue securities giving access to new shares or existing shares of the Company (such as bonds convertible into and/or exchangeable for new or existing shares (“OCEANE”) and bonds redeemable in cash and/or exchangeable for new or existing shares (“ORNANE”)).

The maximum par value of share capital increases that may be performed immediately or in the future pursuant to this authorization would be €45 Mn (or a maximum of 9 Mn shares with par value of €5 per share, representing 9.01% of the Company’s share capital as at December 31, 2017) and the maximum total face value of debt securities that may be issued immediately and/or in the future pursuant to this authorization may not exceed the €1.5 Bn cap. These maximum amounts are identical to those approved pursuant to the authorization granted in 2017.

For your information, pursuant to the Ordinance of July 31, 2014, the issuance of debt instruments granting rights to the allocation of other debt instruments or giving access to existing shares only, issued in accordance with the last paragraph of Article L. 228-92 of the French Commercial Code, now falls within the authority of the Management Board.

The maximum share capital increase amounts pursuant to this authorization will count toward the maximum overall par value of €122 Mn in par value of shares and maximum overall face value of €1.5 Bn in face value of debt securities as set forth in resolution No. 16.

The subscription price for any directly issued shares must be at least equal to the minimum price specified in regulations in force on the date of the issue. As of the date of this notice of meeting, Article R. 225-119 of the French Commercial Code provides that the subscription price for any directly issued shares must be at least equal to the average price of the Company’s shares over the three trading days immediately preceding the pricing date, subject to a permitted discount not to exceed 5%.
The issue price of negotiable securities giving access to the share capital must be such that the sum received immediately by the Company, plus any sum that might be received subsequently by the Company, will be at least equal to the minimum subscription price defined in the previous paragraph for each share issued as a result of the issuance of these negotiable securities.

Finally, any convertible bond giving access to the share capital will be converted, redeemed or generally transformed, taking into account the face value of the bond in question, into a number of shares such that the value received by the Company for each share will be at least equal to the minimum subscription price specified above for each share issued.

The Management Board will set the issuance price for the securities and the interest terms for debt securities in the best interest of the Company and its shareholders, taking into account all relevant parameters described above. To that end, in accordance with Article L. 225-135, paragraph 2 of the French Commercial Code, the Management Board will be able to issue shares pursuant to this authorization, within a given period and in accordance with the terms it will set, in compliance with the relevant legal and regulatory provisions for all or part of the issuance, insofar as a priority subscription period does not entail the creation of negotiable rights which must be exercised in proportion to the number of shares owned by each shareholder, and which may be supplemented by a conditional subscription right. In the event that the amount of the share issuance exceeds 10% of the Company’s share capital as at the date on which the issuance is decided, the Management Board will be required to provide shareholders a priority subscription right during a fixed period in respect of any issuance made, on such terms as it shall determine in accordance with applicable legal and regulatory provisions.

Effective as from the date of the General Meeting, this authorization will supersede the authorization granted by the General Meeting of April 25, 2017, which was not used.

The Management Board would not be permitted to use this authorization during a public tender offer without another prior authorization by the General Meeting.

Authorization to increase the number of securities to be issued in the event of a share capital increase with or without preferential subscription rights (PSR) (resolution No. 18)

Eighteenth resolution
Delegation of authority to be granted to the Management Board to increase the number of securities to be issued in the event of a capital increase, with or without pre-emptive subscription rights, pursuant to the sixteenth and seventeenth resolutions

The General Meeting, acting in accordance with the quorum and majority requirements of extraordinary general meetings and in accordance with Article L. 225-135-1 of the French Commercial Code:

1. delegates to the Management Board its authority, which may be sub-delegated in accordance with applicable laws and regulations, to decide to increase the number of shares or securities to be included in an issue of shares or securities with pre-emptive subscription rights, at the same price as for the initial issue, in accordance with the periods and limits imposed by the regulations in force on the date of issue and subject to compliance with the threshold set in paragraph 2(a) of the sixteenth resolution and with the overall threshold set in paragraph 2(b) of the sixteenth resolution;

2. delegates to the Management Board its authority, which may be sub-delegated in accordance with applicable laws and regulations, to decide to increase the number of shares or securities to be included in an issue of shares or securities through a public offer without pre-emptive subscription rights, at the same price as for the initial issue, in accordance with the periods and limits imposed by the regulations in force on the date of issue and subject to compliance with the threshold set in paragraph 3(a) of the seventeenth resolution and with the overall threshold set in paragraph 2(b) of the sixteenth resolution;

3. sets the validity period of the authorisation hereby granted at eighteen (18) months from the date of this General Meeting and acknowledges that this authorisation supersedes, with immediate effect, the unused part of any previous authorization granted for to the Management Board for the same purpose;

4. notwithstanding the foregoing, decides that the Management Board may not, except with prior authorisation from the General Meeting, use this delegation of authority from the date a public offer has been filed by a third party for the Company’s shares, until the end of the public offer period.
You are asked to renew the authority delegated to the Management Board in 2017 to decide, in accordance with resolutions No. 16 or 17, to increase the number of securities to be issued at the same price as the initial issuance, within the time limits and limitations provided for by applicable regulations.

This option would enable the Management Board to meet high demand during a securities issuance by means of an additional issuance of securities of up to a maximum of 15% of the initial issuance, within the 30 days following the close of the subscription period. This provision would also make it easier to grant an over-subscription option, which is customarily provided in financial market transactions.

The par value of the share capital increases conducted pursuant to this resolution would be counted towards, and could not exceed, the maximum amount provided for in either resolution No. 16 (€75 Mn par value) or Resolution No. 17 (€45 Mn par value), as applicable. In either case, share capital increases may not exceed the overall maximum par value authorized by the General Meeting pursuant to resolution No. 16 (€122 Mn par value).

This authorization would be granted for a period of 18 months, effective as from the date of this General Meeting, and would supersede the authorisation previously granted by the General Meeting on April 25, 2017, which has not been used.

The Management Board is not permitted to use this authorization during a public tender offer without another prior authorization by the General Meeting.

This authorization includes a waiver of preferential subscription rights.

This authorization would supersede, as from the date of this General Meeting, the authorization granted to the Management Board for the same purpose by the General Meeting on April 25, 2017, which has not been used.

This authority would be granted to the Management Board for a period of 18 months, as from the date of the General Meeting, and would be limited to a maximum of 10% of the share capital of the Company as at the time of the issuance. The amount of the share capital increase would count towards the maximum total par value provided for in resolution No. 16 and towards the cap provided for in resolution No. 17.

French law provides that any shareholder rights will be protected by the requirement that one or more Contribution Appraisers be appointed by the Presiding Judge of the Commercial Court to confirm the value of the contributions in kind.

The Management Board would not be permitted to use this authorization during a public tender offer without another prior authorization by the General Meeting.

This share capital increase is expected to be completed prior to the General Meeting and will be the subject of a report of the Management Board and a report of the Company’s Statutory Auditors, which will explain to you how this authorization will be used.

As at December 31, 2017, 0.26% of the Company’s share capital (or 255,773 shares) were held by the Group’s employees.

When the Management Board makes its decision, it will prepare, where applicable and in accordance with the law and current applicable regulations, an additional report describing the final terms of the transaction and will indicate how the transaction affects shareholders and holders of securities giving access to share capital, especially with respect to their share in the equity capital. The price of the Stapled Shares will be based on their market prices, and that of the shares after the completion of the Transaction will be based on the portion of the price of the Stapled Share attributable to the Unibail-Rodamco SE share. However, no discount may be applied to the subscription or purchase price;

5. acknowledges the fact that this delegation will automatically entail the waiver of shareholders’ pre-emptive rights to subscribe for the shares to be issued as and when the options are exercised, in favour of the beneficiaries of such options;

6. decides that the Management Board shall have full powers, which may be sub-delegated in accordance with applicable laws and regulations, to use this delegation of authority within the limitations set out above and those provided by the Articles of Association, and in particular:

- to set, in agreement with the Supervisory Board, the dates on which the options will be granted, provided that the options may only be granted in the one hundred and twenty (120) day period following the date of publication of the annual accounts of the Company with the exception of operations legally prohibiting the grant of options within said period,

to determine the conditions in which the price and number of the shares may be adjusted, particularly in the various eventualities provided by Articles R. 225-137 to R. 225-142 of the French Commercial Code,

to set the period or periods for the exercise of the options thus granted,

to provide for the ability to temporarily suspend the exercise of the options in accordance with applicable laws and regulations,

to set the period during which beneficiaries may exercise their options, provided that such period may not exceed eight years,

The Company’s remuneration policy, has always aimed to attract and retain talented employees and to align their interests with those of shareholders.

◆ the period during which Beneficiaries may exercise their SO will be a maximum period of four years, after a vesting period of four years, subject to conditions relating to performance and continued presence at the Company;

◆ the exercise price for the SO may not be discounted;

◆ if Westfield’s acquisition is approved and comes into force, the Supervisory Board will set the new performance conditions applicable to the grant based on strategy and goals of the New Group (for more details please refer to the Prospectus); on the contrary case, the performance conditions currently in force will continue to apply;

As for the SO, the Company must adapt its share-based incentive mechanisms to the stapling of the Unibail-Rodamco shares with the WFD Unibail-Rodamco N.V. shares. In that regard with resolution No. 22, you are asked to renew the authorization granted in 2016 to the Management Board – adapting it to the principle of the Stapled Shares – to grant Performance Shares (or “PS”) to the Company’s employees and officers, as well as to those of its eligible subsidiaries.

This delegation may be implemented for a number of shares that cannot exceed 0.8% of the fully diluted capital over a 38-month validity period. If this resolution is approved, the authorization granted in 2016 will automatically expire for its unused part.

For all beneficiaries, including company officers, the PS must by granted cumulatively, subject to conditions related to performance and presence at the Company determined together with the Supervisory Board, upon the recommendation of the Governance, Nomination, and Remuneration Committee.

The PS will be granted in the following conditions:
- if the acquisition of Westfield is approved and comes into force, the Supervisory Board will set the new performance conditions applicable to grants based on the New Group’s strategy and objectives (for more details, see the Prospectus); Otherwise, the performance conditions currently in force will continue to apply,
- the number of PS allocated individually to the members of the Management Board must have been previously fixed and approved by the Supervisory Board, upon the recommendation of the Governance, Nomination and Remuneration Committee,
- the amount of PS granted to the Chairman of the Management Board may not exceed 8% of the total allocation and the amount granted to the members of the Management Board (collectively and including the Chairman of the Management Board) may not exceed 25% of the total allocation (this percentage being reduced to 15% for grants made after the completion of the Westfield acquisition).

Resolution No. 23 aims to allow PS grants, subject to the completion of the transaction, to retain and motivate members of the Management Board and a limited number of employees who have been key contributors over the last four years in the preparation and completion of the Westfield acquisition. They will play a key role in the integration process of Westfield by defining the organization and new processes of the New Group, and to reach the effective implementation and achieve the announced costs and revenue synergies over the coming years.

This delegation may be implemented for a number of shares that may not exceed 0.07% of the fully diluted capital over a 12 month validity period.

This grant would be subject to the same general terms and conditions as the previous PS annual allocations (presence condition, vesting period, holding period, etc) but subject to specific performance conditions, measured in 2021 at the end of the vesting period. These specific performance conditions are focused on successful integration in line with the long-term value creation objectives of the Company and its shareholders (for more details, see the Prospectus).

The amount of PS granted under resolution No. 23 to the Chairman of the Management Board may not exceed 20% of the total allocation and the amount granted to the members of the Management Board (collectively and including the Chairman of the Management Board) cannot exceed 65% of the total allocation. Indeed, given the limited number of beneficiaries, these amounts are superior to those of the annual grants.

In connection with resolutions Nos. 22 and 23, PS grants will only become definitive subject to achievement of conditions relating to performance and presence:
- for French tax resident beneficiaries after a minimum vesting period of three years following the grant date, it being specified that beneficiaries would then be required to retain their vested shares for a minimum period of two years following the end of the vesting period;
- for non-French tax resident beneficiaries after a minimum vesting period of four years following the grant date, and, in such case, with no subsequent minimum holding period.

Draft Articles of Association

Article 6

Any reference in these Articles of Association to “Stapled Share” shall mean a unit formed by one Share and one WFD Unibail-Rodamco A Share.

Any reference in these Articles of Association to “Stapled Group” shall mean: (i) the Company, (ii) WFD Unibail-Rodamco N.V., and (iii) the controlled undertakings whose financial information is included in the consolidated financial reporting of the Company and/or WFD Unibail-Rodamco N.V.

In order to achieve a situation where holders of Shares, other than any entity of the Stapled Group, hold an interest in both the Company and WFD Unibail-Rodamco N.V., as if they held an interest in a single (combined) company:

◆ no Share can be (i) issued to, or subscribed for by, others than any entity of the Stapled Group; (ii) transferred to or, subject to applicable law, pledged or otherwise encumbered by others than any entity of the Stapled Group, or (iii) released from any encumbrance by others than any entity of the Stapled Group, in each case except together with a WFD Unibail-Rodamco A Share in the form of a Stapled Share;

◆ no right to subscribe for one or more Shares can be (i) granted to or exercised by others than any entity of the Stapled Group, (ii) terminated by others than any entity of the Stapled Group, (iii) transferred to or, subject to applicable law, pledged or otherwise encumbered by others than any entity of the Stapled Group, or (iv) released from any encumbrance by others than any entity of the Stapled Group, in each case except together with a corresponding right to subscribe for an equal number of WFD Unibail-Rodamco A Shares in the form of an equal number of Stapled Shares;

◆ all shareholders, other than any entity of the Stapled Group, must refrain from (i) acquiring any Share, (ii) acquiring, exercising or terminating any right to subscribe for one or more Shares, or (iii) creating or acquiring a usufruct, pledge or other encumbrance over any Share or any right to subscribe for one or more Shares, in each case except (if it concerns a Share) together with a WFD Unibail-Rodamco A Share in the form of a Stapled Share or (if it concerns a right to subscribe for one or more Shares) together with a corresponding right to subscribe for an equal number of WFD Unibail-Rodamco A Shares in the form of an equal number of Stapled Shares; and

◆ subject to applicable law, the Management Board and the Supervisory Board shall take all necessary actions to ensure that, at all times, the number of Shares issued and held by others than any entity of the Stapled Group is equal to the number of WFD Unibail-Rodamco A Shares issued and held by others than any entity of the Stapled Group.

The principle and restrictions referred to above in this Article 6, shall be referred to as the “Stapled Share Principle”.

The Stapled Share Principle can only be terminated pursuant to an amendment to these Articles of Association to that effect by a resolution of the Company’s extraordinary shareholders’ meeting. A resolution of the Company’s extraordinary shareholders’ meeting to effect such an amendment to these Articles of Association shall only become effective after the Management Board has confirmed that the shareholders’ meeting of WFD Unibail-Rodamco N.V. has passed a resolution to terminate the equivalent of the Stapled Share Principle as included in the Articles of Association of WFD Unibail-Rodamco N.V.

[Notwithstanding anything to the contrary in these Articles of Association, the Stapled Share Principle shall not apply to the Shares issued by the Company pursuant to the terms and conditions of the net share settled bonds convertible into new and/or exchangeable for existing shares (obligations à option de remboursement en numéraire et/ou en actions nouvelles et/ou existantes “ORNANE”) issued by the Company on June 17, 2014 and April 8, 2015, respectively, provided that such terms and conditions provide that the holders of ORNANE are entitled to receive Shares (and not Stapled Shares) upon exercise of their conversion right.]
Articles of Association in force prior to the General Meeting

Article 7
The shares are tradable without restriction. Subject to the rules governing the distribution of dividends and liquidation surpluses set out below, each share entitles the holder, during the term of the Company or its liquidation, to payment of the same net sum for an equal nominal value in any distribution or redemption such that, where necessary, the total sums shall be divided in the same manner between all the shares regardless of a diminution or of reductions of tax or any other charges to which the distribution or redemption may give rise.

Article 8
The shares are in registered or bearer form at the holder’s choice. However, any shareholder other than a natural person who, directly or through entities acting as intermediaries that it controls within the meaning of Article L. 233-3 of the French Commercial Code, comes to own a percentage of the rights to dividends of the Company at least equal to that referred to in Article 208 C II ter of the French General Taxation Code ("Shareholder Concerned") must, within a maximum period of five stock exchange days, register all the shares that it owns and arrange for the entities that it controls within the meaning of Article L. 233-3 of the French Commercial Code to register all the shares that they own.

This obligation to register applies to all shares already owned directly or indirectly and to any that might be acquired in excess of this threshold, and will continue for as long as the Shareholder Concerned holds a direct or indirect stake equal to or in excess of this threshold. The Shareholder Concerned must, within five stock exchange days of this threshold being exceeded, send the Company a copy of the application for registration, by registered letter with proof of receipt requested. This letter shall not exempt the Shareholder Concerned from the obligation to send the declaration of exceeding the statutory threshold referred to in Article 9 bis below.

In the event of failure to apply for registration of the shares that it owns in the manner set out above, the Shareholder Concerned that retains its securities in the form of bearer shares in breach of this Article will be stripped of the right to participate in general meetings of the Company and more generally of the right to exercise the voting rights attached to the shares that should have been registered pursuant to the provisions of this Article.

Any Shareholder Concerned whose direct or indirect stake becomes less than the threshold referred to in Article 208 C II ter of the French General Taxation Code may at any time apply for its shares to be converted to bearer shares in the manner set out above.

Notwithstanding the foregoing, the shares shall be in registered form where this is required by law.

The shares are indivisible for the Company’s purposes.

Title to the shares is evidenced by their registration on accounts held for that purpose in accordance with the terms of the law either by the Company in the case of registered shares or by an authorised financial intermediary in the case of bearer shares. If requested by a shareholder, the Company or an authorised financial intermediary shall issue a certificate of registration on account.

The Company may, at any time, in accordance with the terms of the law, ask its clearing organisation for information about the name or corporate name, nationality and address of holders of securities conferring the right to vote at general meetings either immediately or in the future, as well as the number of securities held and, as necessary, any restrictions attached thereto.

Draft Articles of Association

Article 8
The shares are tradable without restriction, subject to the Stapled Share Principle.

Subject to the rules governing the distribution of dividends and liquidation surpluses set out below, each Shareholder Concerned holds the right to vote at general meetings either immediately or in the future, as well as the number of securities held and, as necessary, any restrictions attached thereto.
Articles of Association in force prior to the General Meeting

Article 9 bis

Any shareholder that comes to hold a number of shares representing two percent or more of the total number of shares in issue, or any further multiple thereof, must, no later than ten stock exchange days after exceeding the threshold, advise the Company in writing of the total number of shares held sent by registered letter with proof of receipt requested to the Company's registered office.

Any Shareholder Concerned that comes to hold at least 10% of the rights to dividends of the Company, must indicate in its declaration of meeting or exceeding the said threshold, under its own responsibility, whether or not it is a Deduction Shareholder (as defined in Article 21 of the Articles of Association). In the event that such a shareholder declares that it is not a Deduction Shareholder, it must provide evidence of this in the manner provided by Article 21 of the Articles of Association. Any Shareholder Concerned having given notice of the aforementioned threshold being met or exceeded must give the Company early notice, in any event at the latest ten (10) stock exchange days before the payment of distributions, of any change in its fiscal status which would result in it acquiring or losing the capacity of a Deduction Shareholder.

Any shares exceeding the threshold that have not been disclosed in accordance with these requirements shall be disqualified for voting purposes at all general meetings held for a period of two years after the date on which the requisite disclosure is finally made, if the failure to disclose has been duly noted and if requested by one or more shareholders holding at least two percent of the Company's share capital in accordance with the terms of the law, unless the voting rights have already been stripped pursuant to Article 9 Paragraph 4 above.

Similarly, the voting rights attached to any shares that have not been disclosed in accordance with these requirements may not be exercised by the holder either in person or by proxy.

Article 9 ter

The Company may at any time avail itself of the legal provisions with respect to identifying shareholders and identifying securities conferring the right immediately or in the future to vote at shareholders' meetings in accordance with Articles L. 228-1 to 228-3-3 of the French Commercial Code (Code de commerce).

Article 10 – Composition of the Management Board

1. The Company is managed by a Management Board composed of a maximum of seven members. The Management Board exercises its functions under the supervision of the Supervisory Board.

2. The members of the Management Board, who must be natural persons, are not required to be shareholders.

If a seat becomes vacant, the Supervisory Board shall fill it within two months. Any member of the Management Board shall be appointed for a four-year term. Any member of the Management Board may be re-elected. Any member of the Management Board may be revoked at any moment, either by the Supervisory Board with a two-thirds majority vote by the Supervisory Board members or by the General Shareholders’ Meeting.

2. Upon proposal by the Chairman of the Management Board, with the authorization of the Supervisory Board, the members of the Management Board may allocate management tasks amongst themselves. In this case, such an allocation of tasks shall not exempt the Management Board from meeting and deliberating on major issues relating to the Company’s management, nor shall it be invoked as grounds for exemption from the obligation to supervise the general conduct of corporate activities, which is incumbent on each member of the Management Board, and for which the members have joint and several liability.

The Chairman of the Management Board may, after consultation with the committee in charge of the governance, nomination and remuneration or any committee that would be its substitute, delegate proper authority to the other members of the Management Board to represent the Company with respect to the tasks allocated to them.

5. The following decisions will be submitted to the authorization of the Supervisory Board upon proposal by the Management Board:

(f) transferring the entire or a material part of the business to a third party if this involves more than twenty-five per cent (25%) of the percentage of the total value of the assets and shares of the Company laid down by the Supervisory Board in its internal charter;
(g) making significant changes in governance and/or organisational structure of the Group, including allocation of tasks within the Management Board, approval of amendment to the Management Board Charter, relocation of group central functions and the taking of any step that might affect the SiIC regime provided for in Article 208 B of the French General Tax Code (Code général des impôts) or any other favourable tax exempt status in any other country;
(h) any overall remuneration policies of the Group and remuneration of the Management Board;
(i) the Management Board may appoint one or more of its members, or any person chosen from outside its ranks, to effect any permanent or temporary special missions, which it may determine, delegating to such persons, for one or more specific purposes, any powers it may deem appropriate, with or without the right to further delegate such powers.

COMBINED GENERAL MEETING OF UNIBAIL-RODAMCO SE
Draft of articles of association of the company (compared version)

Articles of Association in force prior to the General Meeting

Article 18
All shareholders have the right to attend shareholders’ meetings and take part in the vote regardless of the number of shares they hold. Business transacted at shareholders’ meetings is qualified as either ordinary or extraordinary in accordance with the terms of the law, and such meetings are governed by the relevant quorum and voting conditions prescribed by law.

In accordance with the provisions of Article L. 225-123 paragraph 3 of the French Commercial Code, the General Meeting of April 16, 2015 confirmed that each Share gives the right to one vote in the General Shareholder’s meeting and no action can give a double voting right.

Notices of meetings are given in the form and within the time period prescribed by law.

Meetings take place at the registered office or any other place indicated in the notice of meeting.

Any shareholder, regardless of the number of shares held, must, to have the right to attend, personally or by a representative, the shareholders’ meetings and participate in the discussions, justify, under legal conditions, the recording into account (inscription en compte) of its Shares in his name or in the name of the intermediary registered on his behalf pursuant to Article L. 228-1 paragraph 7 of the Code de commerce, either in the accounts of registered shares of the Company or in the accounts of bearer shares of the entitled intermediary, within the time limits and in compliance with the modalities provided by the French Commercial Code.

Postal or electronic voting will take place under the conditions laid down in current legislation.

In particular, shareholders can, under the conditions laid down by law and regulations, send the proxy and postal voting form prepared by the Company or its centralising institution, either on paper or, pursuant to a decision of the Management Board published in the announcement and notice of the meeting, by electronic transmission including the internet.

Postal votes will be taken into account on condition that the voting forms are received by the Company at least three days before the meeting. However, electronic voting forms can be received by the Company until no later than 3 p.m., Paris time, on the day before the General Meeting.

Shareholders who, for this purpose and within the required time limits, use the electronic voting form available on the website set up by the centralising institution dealing with the meeting, will be treated in the same way as shareholders present or represented. The electronic form can be completed and signed directly on this website using any process determined by the Management Board that satisfies the conditions defined in the first sentence of the second paragraph of Article 18 of the Civil Code (namely the use of a reliable process of identification guaranteeing the connection between the signature and the form), Articles R. 225-77 3° and R. 225-79 of the Commercial Code, and, more generally, in the current legislative and regulatory provisions, and which may, in particular, consist of a user name and password. Proxies or votes issued by such electronic means before the meeting, and the acknowledgment of receipt in respect thereof, will be regarded as irrevocable and universally enforceable documents, on the understanding that in the event of the sale of securities before midnight, Paris time, on the second business day preceding the meeting, the Company will invalidate, or make the consequential amendment to, the proxy or vote issued before that date and time, as the case may be.

The right to vote at ordinary and extraordinary general meetings vests in the holder of the beneficial interest in the shares.

Pursuant to a decision of the Management Board published in the notice of meeting, by way of videoconferencing or other means of telecommunication allowing shareholders to be identified.

Shareholders attending the meeting by videoconferencing or other means of telecommunication that permits their identification and complies with the provisions of the law as set out by Conseil d’Etat decree are counted as present for the purpose of calculating the quorum and majority.

Article 19
Business transacted at shareholders’ meetings is qualified as either ordinary or extraordinary in accordance with the terms of the law, and such meetings are governed by the relevant quorum and voting conditions prescribed by law.

Article 20
The financial year begins on January 1 and ends on December 31.
either an amount equal to the amount owed by the Company to either an amount equal to the amount owed by the Company to or, in the absence of any payment to the SIIC Subsidiary by the

The income statement summarizes all items of income and expenditure for the financial year, the difference being the net profit for the year after deduction of depreciation, amortisation and provisions. The net profit for the year, less any prior year losses and amounts transferred to reserves in accordance with the law plus any retained earnings, constitutes the year’s distributable profits. Apart from the year’s distributable profits, the Shareholders’ Meeting may also resolve to distribute sums from other reserves to which they are entitled, expressly indicating which reserve accounts are to be used. However, dividends shall be deducted in priority from the year’s distributable profits.

The sum of the year’s distributable profits plus any reserves which the Shareholders’ Meeting resolve to distribute constitutes the amount available for distribution. After approving the financial statements and duly noting the existence of an amount available for distribution, the Shareholders’ Meeting determine the sum to be distributed in the form of a dividend.

Any Shareholder Concerned (as defined in Article 9 above) whose own situation or that of its associates renders the Company liable to the payment (the “Deduction”) referred to in Article 208 C II ter of the French General Taxation Code (a “Deduction Shareholder”) will owe the Company the amount of deduction due as a result of the distribution of dividends, reserves, premiums or “income deemed to have been distributed” within the meaning of the French General Taxation Code, at the time of payment of the distribution. In the event of there being more than one Deduction Shareholder, each Deduction Shareholder will owe the Company the proportion of the Deduction owed by the Company resulting from its direct or indirect shareholding. The capacity of Deduction Shareholder will be assessed on the date of payment of the distribution. Any Shareholder Concerned shall be deemed to be a Deduction Shareholder. If it declares itself not to be a Deduction Shareholder, it must provide evidence of this to the Company at the latest fifteen (15) business days before the date of payment of the distributions, by supplying a satisfactory and unreserved legal opinion issued by a law firm with an international reputation having recognised expertise in the area of French tax law, certifying that it is not a Deduction Shareholder and that the distributions paid to it do not render the Company liable to pay the Deduction. The Company may request any additional evidence as well as information, and the position of the French tax authorities, and may, if necessary, withhold payment of the distribution to the Shareholder Concerned until satisfactory answers are obtained. In the event that the Company directly and/or indirectly owns a percentage of the rights to dividends of one or more SIIC of the kind referred to in Article 208 C of the French General Taxation Code (Can “SIIC Subsidiary”) at least equal to that referred to in Article 208 C II ter of the French General Taxation Code, and in the event that the SIIC Subsidiary has paid the Deduction by reason of the situation of the Deduction Shareholder, the Deduction Shareholder shall owe the Company, on the date of payment of the distribution, as the case may be:

◆ either an amount equal to the amount owed by the Company to the SIIC Subsidiary in respect of the payment of the Deduction by the SIIC Subsidiary;
◆ or, in the absence of any payment to the SIIC Subsidiary by the Company, an amount equal to the Deduction paid by the SIIC Subsidiary multiplied by the percentage of the rights to dividends of the Company in the SIIC Subsidiary, in such a way that the other shareholders of the Company do not have to bear the economic cost of any part of the Deduction paid by any of the SIIC in the chain of shareholdings by reason of the Deduction Shareholder (the “Additional Indemnity”).

In the event of there being more than one Deduction Shareholder, the amount of the Additional Indemnity will be paid by each of the Deduction Shareholders in proportion to their respective rights to dividends divided by the total rights to dividends of the Deduction Shareholders.

◆ the amount of deduction due as a result of the distribution of dividends, reserves, premiums or “income deemed to have been distributed” within the meaning of the French General Taxation Code (Code général des impôts) (a “Deduction Shareholder”) will owe the Company the amount of deduction due as a result of the distribution of dividends, reserves, premiums or “income deemed to have been distributed” within the meaning of the French General Taxation Code (Code général des impôts), at the time of payment of the distribution. In the event of there being more than one Deduction Shareholder, each Deduction Shareholder will owe the Company the proportion of the Deduction owed by the Company resulting from its direct or indirect shareholding. The capacity of Deduction Shareholder will be assessed on the date of payment of the distribution. Any Shareholder Concerned shall be deemed to be a Deduction Shareholder. If it declares itself not to be a Deduction Shareholder, it must provide evidence of this to the Company at the latest fifteen (15) business days before the date of payment of the distributions, by supplying a satisfactory and unreserved legal opinion issued by a law firm with an international reputation having recognised expertise in the area of French tax law, certifying that it is not a Deduction Shareholder and that the distributions paid to it do not render the Company liable to pay the Deduction. The Company may request any additional evidence as well as information, and the position of the French tax authorities, and may, if necessary, withhold payment of the distribution to the Shareholder Concerned until satisfactory answers are obtained. In the event that the Company directly and/or indirectly owns a percentage of the rights to dividends of one or more SIIC of the kind referred to in Article 208 C of the French General Taxation Code (Code général des impôts) (a “SIIC Subsidiary”) at least equal to that referred to in Article 208 C II ter of the French General Taxation Code, and in the event that the SIIC Subsidiary has paid the Deduction by reason of the situation of the Deduction Shareholder, the Deduction Shareholder shall owe the Company, on the date of payment of the distribution, as the case may be:

◆ either an amount equal to the amount owed by the Company to the SIIC Subsidiary in respect of the payment of the Deduction by the SIIC Subsidiary;
◆ or, in the absence of any payment to the SIIC Subsidiary by the Company, an amount equal to the Deduction paid by the SIIC Subsidiary multiplied by the percentage of the rights to dividends of the Company in the SIIC Subsidiary, in such a way that the other shareholders of the Company do not have to bear the economic cost of any part of the Deduction paid by any of the SIIC in the chain of shareholdings by reason of the Deduction Shareholder (the “Additional Indemnity”).

In the event of there being more than one Deduction Shareholder, the amount of the Additional Indemnity will be paid by each of the Deduction Shareholders in proportion to their respective rights to dividends divided by the total rights to dividends of the Deduction Shareholders.
2. THE COMPANY WILL BE ENTITLED TO SET OFF ITS INDEMNITY RECEIVABLE AGAINST ANY DEDUCTION SHAREHOLDER, ON THE ONE HAND, AGAINST THE SUMS TO BE PAID BY THE COMPANY TO THAT DEDUCTION SHAREHOLDER, ON THE OTHER HAND. THE SUMS DEDUCTED FROM THE PROFITS OF THE COMPANY AND EXEMPT FROM CORPORATION TAX PURSUANT TO ARTICLE 208 C II OF THE FRENCH GENERAL TAXATION CODE TO BE PAID TO THE SAID DEDUCTION SHAREHOLDER IN RESPECT OF EACH SHARE OWNED BY IT, IN ACCORDANCE WITH THE DISTRIBUTION DECISION REFERRED TO ABOVE OR PURSUANT TO A BUYBACK OF SHARES, WILL BE REDUCED BY THE AMOUNT OF THE DEDUCTION OWED BY THE COMPANY IN RESPECT OF THE DISTRIBUTION OF THESE SUMS AND/OR OF THE ADDITIONAL INDEMNITY.

The amount of any sum owed by a Deduction Shareholder will be calculated in such a way that the Company, after payment of such sum and taking into account the tax situation potentially applicable to it, is placed in the same situation as if the Deduction had not become payable.

In the event (i) that after a distribution of dividends, reserves, premiums or “income deemed to have been distributed” within the meaning of the French General Taxation Code deducted from the profits of the Company or of a SIIC Subsidiary which is exempt from corporation tax pursuant to Article 208 C II of the French General Taxation Code, it should appear that a shareholder was a Deduction Shareholder on the date of payment of the said sums and (ii) that the Company or the SIIC Subsidiary ought to have made payment of the Deduction in respect of the sums thus paid, and the said sums were not the subject of the set-off provided for above, that Deduction Shareholder shall be obliged to pay the Company, by way of compensation for the loss that it has suffered, a sum equal, on the one hand, to the Deduction plus any penalty or late payment interest that might have been paid by the Company in respect of each share of the Company that it owned on the date of payment of the distribution of dividends, reserves or premiums concerned, and, on the other hand, if applicable, to the amount of the Additional Indemnity (the “Indemnity”).

If applicable, without prejudice to any other actions that it may take, the Company shall be entitled to set off its receivable in respect of the Indemnity against any sums that might subsequently be paid out to the said Deduction Shareholder.

(b) The General Meeting shall have the power to grant each shareholder an option between payment of the dividend or interim dividends in cash or in shares, in respect of all or part of the dividend or interim dividends distributed. In the event of a distribution paid in shares, Deduction Shareholders shall receive part in shares and the other part in cash (the latter amount being paid by a payment into an individual current account), so that the set-off mechanism described above can be applied to the fraction of the distribution paid by way of a payment into an individual current account, on the understanding that no fractional shares will be created and that Deduction Shareholders will receive a cash amount equal to the value of fractional shares.

(c) The time, manner and place of payment of dividends shall be determined by the Annual General Meeting, or failing that, by the Management Board with the Supervisory Board’s authority. Dividends must be paid within a maximum period of nine months from the end of the financial year.

Any remaining balance is transferred to retained earnings or several reserve accounts by resolution of the shareholders.

The Company will be entitled to set off its indemnity receivable against any Deduction Shareholder, on the one hand, against the sums to be paid by the Company to that Deduction Shareholder, on the other hand. Thus, the sums deducted from the profits of the Company and exempt from corporation tax pursuant to Article 208 C II of the French General Taxation Code to be paid to the said Deduction Shareholder in respect of each share owned by it, in accordance with the distribution decision referred to above or pursuant to a buyback of shares, will be reduced by the amount of the Deduction owed by the Company in respect of the distribution of these sums and/or of the Additional Indemnity.

The amount of any sum owed by a Deduction Shareholder will be calculated in such a way that the Company, after payment of such sum and taking into account the tax situation potentially applicable to it, is placed in the same situation as if the Deduction had not become payable.

In the event (i) that after a distribution of dividends, reserves, premiums or “income deemed to have been distributed” within the meaning of the French General Taxation Code deducted from the profits of the Company or of a SIIC Subsidiary which is exempt from corporation tax pursuant to Article 208 C II of the French General Taxation Code (Code général des impôts), it should appear that a shareholder was a Deduction Shareholder on the date of payment of the said sums and (ii) that the Company or the SIIC Subsidiary ought to have made payment of the Deduction in respect of the sums thus paid, and the said sums were not the subject of the set-off provided for above, that Deduction Shareholder shall be obliged to pay the Company, by way of compensation for the loss that it has suffered, a sum equal, on the one hand, to the Deduction plus any penalty or late payment interest that might have been paid by the Company in respect of each share of the Company that it owned on the date of payment of the distribution of dividends, reserves or premiums concerned, and, on the other hand, if applicable, to the amount of the Additional Indemnity (the “Indemnity”).

If applicable, without prejudice to any other actions that it may take, the Company shall be entitled to set off its receivable in respect of the Indemnity against any sums that might subsequently be paid out to the said Deduction Shareholder.

(b) The General Meeting shall have the power to grant each shareholder an option between payment of the dividend or interim dividends in cash or in shares, in respect of all or part of the dividend or interim dividends distributed. In the event of a distribution paid in shares, Deduction Shareholders shall receive part in shares and the other part in cash (the latter amount being paid by a payment into an individual current account), so that the set-off mechanism described above can be applied to the fraction of the distribution paid by way of a payment into an individual current account, on the understanding that no fractional shares will be created and that Deduction Shareholders will receive a cash amount equal to the value of fractional shares.

(c) The time, manner and place of payment of dividends shall be determined by the Annual General Meeting, or failing that, by the Management Board with the Supervisory Board’s authority. Dividends must be paid within a maximum period of nine months from the end of the financial year.

Any remaining balance is transferred to retained earnings or several reserve accounts by resolution of the shareholders.

INDEPENDENCE ANALYSIS

Ms Sophie Stabile

Ms Sophie Stabile’s independence was further analyzed given her other mandate as a non-executive Board member of Spie.

The following criteria were assessed for Spie:

◆ type of business relationship;
◆ total euro amount paid for services in 2017; and
◆ date a business relationship was first established, the overall duration and the continuity of same.

Notably, as a Non-Executive SB Member of the Company and as a non-executive Board member of Spie, she is not implicated in the day-to-day operations nor the operational decisions of the companies. She is not and has never been an employee nor Executive Director of the companies. The service fees paid to Spie are marginal compared to Spie’s groupwide total turnover. Service contracts between the companies are awarded following a tender. They are routine agreements for the companies and entered into on an arm’s length basis. Discussions on service contract terms and conditions and their negotiation never rise to the SB level nor to the Spie Board level. Therefore, she does not participate in negotiations and has no influence over negotiations between the entities. Other than the remuneration received for work performed as an SB Member, she has not received personal financial remuneration, including any remuneration in the form of shares or any remuneration related to the performance of the Company (no STI or LTI), from Unibail-Rodamco.

Accordingly, Ms Stabile is determined to be independent.

Ms Jill Granoff

Ms Jill Granoff’s independence was further analyzed given her other role as CEO of Eurazeo Brands (a branded consumer and retail private equity fund). Given the potential indirect relationship with Unibail-Rodamco, the following criteria were assessed for Eurazeo:

◆ the brands invested in by the Eurazeo Brands fund, chaired by Ms Granoff, that is also present in the Unibail-Rodamco portfolio;
◆ the brands invested in by any other Eurazeo fund that is also present in the Unibail-Rodamco portfolio;
◆ the presence of such brand in the Unibail-Rodamco portfolio, looking at:
  ◆ with respect to Eurazeo:
    ◆ the amount invested, the Eurazeo interest and control of the brand and the participation of Ms Granoff in the brand’s management,
    ◆ with respect to Unibail-Rodamco:
      ◆ the legal entity signing lease contracts,
      ◆ the percentage it represented at Group level:
        ◆ out of all stores,
        ◆ of GLA,
        ◆ of minimum guaranteed rent for the Group’s consolidated portfolio in 2017, and
◆ date a business relationship was first established, the overall duration and the continuity of same.

Notably, she would be a non-executive Supervisory Board member at Unibail-Rodamco, as such, she would not be implicated in the day-to-day operations nor the operational
decisions of Unibail-Rodamco. She is not and has never been an employee nor Executive Director of the Company. None of the investments made by Eurazeo Brands concerns brands also present in the Unibail-Rodamco portfolio. The sole brand invested in by another Eurazeo fund with a presence in the Unibail-Rodamco portfolio results in both an indirect and marginal relationship between Unibail-Rodamco and Eurazeo. Furthermore, with respect to this brand, the lease contracts are entered into between subsidiaries of each group and not at the group level; the contracts between the companies are routine agreements and entered into on an arm’s length basis; the rents paid to Unibail-Rodamco are marginal compared to the brand’s groupwide lease expenses or total turnover; and discussions on specific contract terms and conditions and their negotiation never rise to the Supervisory Board level, therefore, she would not participate in nor have any influence over negotiations with respect to the Company. Other than the remuneration to be received for her contribution to be provided as a Supervisory Board member, she will not receive personal financial remuneration, including any remuneration in the form of shares or any remuneration related to the performance of the Company (no STI or LTI), from Unibail-Rodamco.

Accordingly, Ms Granoff is determined to be independent.

Mr Peter Lowy

Mr Peter Lowy’s independence was analyzed given his current mandate as Executive Director and co-CEO of the Westfield Corporation.

In assessing whether a Supervisory Board member is independent in accordance with the Afep-Medef Code and the Supervisory Board Charter, one criterion to be fulfilled is that a Supervisory Board member must not be an employee or executive officer of the Company, nor an employee or executive officer of its parent or of one of its consolidated subsidiaries, nor have been one during the previous 5 years.

Mr Lowy has been an Executive Director and co-CEO of the Westfield Corporation since 2011. He will hold this position until the closing of the Westfield transaction at which point he will step down to join the Unibail-Rodamco Supervisory Board, subject to shareholder approval.

Pursuant to the foregoing, he will, have been an Executive Director of one of the Company’s consolidated subsidiaries during the previous 5 years.

Accordingly, Mr Lowy is not considered independent.

Mr John McFarlane

Mr John McFarlane’s independence was further analyzed given his other mandates as Non-Executive Independent Director at Westfield Corporation and as non-executive Chairman Barclays PLC and of Barclays Bank PLC.

As a Non-Executive Independent Director of Westfield Corporation, Mr McFarlane, will continue to be considered independent with respect to the Supervisory Board of Unibail-Rodamco.

The following criteria were assessed for Barclays:

◆ the investment banking mandates (if any) granted by Unibail-Rodamco to Barclays;
◆ the financing (debt investment) provided by any entity of the Barclays Group to Unibail-Rodamco;
◆ loans granted by any entity of the Barclays Group to Unibail-Rodamco; and
◆ the type of business relationship and the date a business relationship was first established.

Notably, he would be a non-executive Supervisory Board member at Unibail-Rodamco and is a Non-Executive Board member at Barclays, as such, he is not implicated in the day-to-day operations nor the operational decisions of the companies. He is not and has never been an employee nor Executive Director of the companies. The loans and other debt instrument contracts are routine agreements for the companies, entered into on an arm’s length basis and are in many cases entered into after tender. Discussions on specific contract terms and conditions and their negotiation never rise to the Supervisory Board level nor Board level, therefore, he would not participate in nor have any influence over negotiations between the entities. The amount of facilities provided by Barclays is not significant compared to Unibail-Rodamco’s total debt and compared to Barclays total debt provided to the market, additionally, it is marginal compared to the total turnover of either Unibail-Rodamco or Barclays. Other than the remuneration to be received for his contribution to be provided as an Supervisory Board member, he will not receive personal financial remuneration, including any remuneration in the form of shares or any remuneration related to the performance of the Company (no STI or LTI), from Unibail-Rodamco.

Accordingly, Mr McFarlane is determined to be independent.
